Analysis	Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>During the community conversations, violent crime was identified as a concern for many residents. The 002nd District has seen increases of 69% in homicides and 35.5% for shooting incidents. Shooting incidents are trending up over a 3 year period. Shootings in the violent zone is of particular concern in the 002nd District as well as the 10 sector within the District. The Hyde Park area has also seen an increase in violent crimes over the past year.</p>			
	Problem Analysis <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. <i>Who is / are the victim(s)?</i> The victims tend to be rival gang members or individuals that are in conflict with opposing gang factions. The community members who reside within the boundaries of where there are multiple gang factions are innocent bystanders caught in the middle of shootings.</p>

Response	Response Strategy <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.</i>	<i>Non-enforcement response (required):</i> Increased foot patrols and community engagements. Officers starting with Supervisors leading the way will focus on having direct and meaning contact with the community in which they serve. Positive community interactions, such as walk and talks with community members, business owners and all major stakeholders will be conducted , recorded and monitored for results and/or improvements.		
		<i>Enforcement response (if applicable):</i> Foot patrols, focused deterrence missions, POD missions and quality of life missions. Directed missions, such as traffic missions and increasing Officer presence in areas more vulnerable to shooting will be conducted.		
	Root Cause Mitigation <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i>	Increased Officer visibility, utilizing increased foot patrols, increased positive community interactions in which Officers get to know members of the community and business owners of the community would foster better trust and communications between all. This in turn leads to transfer of positive information that could be useful in keeping the community safe. **Mitigation
Criteria**

Explain how you will specifically know when the problem can be considered "addressed". Consider both quantitative and qualitative approaches.

The first way of knowing is monitoring the hard numbers of recorded crime. This will immediately let us know if efforts are helping to decrease the rates of shootings. The community will be our greatest barometer in assessing whether or not problems are being addressed. The community should feel a difference that cannot be quantified with numbers. We will look for major input from the community on how they feel about their issues being addressed. As officers proactively conduct PCI's, business checks, etc...this will be the true test that numbers don't necessarily define. A steady reduction is what the 002nd District as opposed to a hard number.

Response Strategy Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.	Non-enforcement response (required): Increased foot patrols and community engagements would serve as a commitment to the residents. Many residents that attended the community conversations requested increased foot patrols such as walk and talks, police officers getting out of vehicles, increased presence in alleyways and residential blocks. These positive community interactions. Increased business checks and PCI's will be conducted. Engagements with major stakeholders such as block clubs, homeowner associations, faith based churches, businesses will be documented to track information shared between the police and citizens. Engagements will be utilized as information sharing interactions as police share safety tips and the community share concerns that can be addressed that would create situations where crimes can occur.		
	Enforcement response (if applicable): Foot patrols, focused deterrence missions, POD missions and quality of life missions. Directed missions, such as traffic missions and increasing Officer presence in areas more vulnerable to robberies and vehicular hijackings will be conducted. Officers would also conduct missions targeting specific crime patterns. Officers will be given real time information to identify areas seeing spikes in robberies and vehicular hijackings in order for Officers to respond to those areas and be proactive with conducting the above mentioned enforcement actions.		
Root Cause Mitigation Explain how the Response Strategy directly addresses the root cause that was analyzed above.	Increased Officer visibility, utilizing increased foot patrols, increased positive community interactions in which Officers get to know members of the community and business owners of the community would foster better trust and communications between all. This in turn leads to transfer of positive information that could be useful in keeping the community safe. The business corridors along 35th Street, 47th Street and 51st Street have a steady stream of complaints reference open air drinking and vagrancy in and around liquor stores along those corridors. Another issue is the selling of loose cigarettes and illegal narcotics. Since the whole period of the Covid pandemic complaints of unsafe gatherings have become more pronounced. With restrictions in place, there has been a rise of huge gatherings whereas citizens take over blocks for the purpose of having parties in which there is open air drinking, illegal narcotics usage, playing of loud music and disregard of social distancing protocols. These large gatherings are especially problematic around vacant lots along State St. Finally prostitution continues to be a complaint that's frequently called in.</p>

COMMUNITY ENGAGEMENT PRIORITIES				
Youth High Priority Engagement Activities <i>List at least one (no more than 3)</i>	Priority #1: <i>Describe the engagement</i> In partnership with the Police Athletic League (PAL) of Chicago and William W. Carter School of Excellence, the goal is to sign-up groups of youth participants to engage in an E-Gaming league. The Tact/CAPS function will be to identify kids from the 002nd District that would benefit from this organization by getting them off of the streets.	<i>Select only one; if co-created a partner must be listed</i> <input type="checkbox"/> CPD-Driven <input type="checkbox"/> Community-Driven <input checked="" type="checkbox"/> Co-Created with	<i>Why is this engagement activity a high priority for the District?</i> This engagement activity is a high priority because it will enable youth and law enforcement officers to share and engage together in common interest. Through this engagement, both parties can engage in dialogue about life experiences.	<i>What role will non-Community Policing Personnel (Watch, Tactical/Specialized Units, etc) play in the engagement?</i> The tactical team is an essential resource in the success of this priority community engagement. The tact officers will engage in the E-Gaming league with the youth. The CAPS officers will identify interested youth through CPS Schools.
	<i>Who is the District Point of Contact for this engagement?</i> Tact Lieutenant and CAPS Sergeant		<i>Why was this individual selected as the Point of Contact for this engagement?</i> These individuals were selected because of the flexibility of their schedules and resources.	
	Priority #2: <i>Describe the engagement</i> Youth Engagement in Sports: The 002 nd District CAPS office will use our relationship with XS Tennis Village and the Chicago Park.
