## CHICAGO POLICE DEPARTMENT

011<sup>th</sup> District

### SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1				
<b>Priority Title</b>	Narcotics on Beats 1112, 1114, 1122, and 1132			
<b>Priority Type</b>	<input checked="" type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime		<input checked="" type="checkbox"/> Quality of Life
<b>Source</b> <i>Check all that apply</i>	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input type="checkbox"/> DAC Meetings	<input type="checkbox"/> Resident Survey Data
	<input type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings	<input type="checkbox"/> Other: _____
<b>Scanning</b>	<b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>There is a relationship between drugs and crime, specifically violent crime such as robbery and assaults. Additionally gang disputes and rivalry stemming from the sale and distribution harm both intended and unintended targets. We can identify by drug possession and solicitation, sales arrest data. This corresponds to offenses related to drug abuse e.g. robbery, burglary, theft in order to pay for these drugs. And finally prostitution and homelessness as drug users are more likely to commit crimes as well as be victimized by violent crime.</p> <p>Narcotic sales remain a leading concern of calls for service in the district. Narcotics sales is related to and associated with the violence in the district making it a high priority for community and public safety. Illegal drug sells perpetuates violent crime i.e. shootings and robberies. Residents, business owners and stakeholders are concerned for everyone's safety. The quality of life is affected. Individuals who use drugs gather and impede pedestrian and vehicular traffic. Drug paraphernalia is left in areas of the community.</p> <p>Calls For Service: Beat 1112 (31 December 2019 to 31 January 2020 [2206]), (31 January 2020 to 28 February 2020 [2314]), (28 February 2020 to 31 March 2020 [3161]), 31 March 2020 to 30 April 2020 [3045]), (30 April 2020 to 30 May [3553]), 30 May 2020 to 30 June 2020 [3013]), (30 June 2020 to 31 July 2020 [3127]), (31 August 2020 [3264]), (31 August 2020 to 30 September 2020 [5784])</p> <p>Beat 1122 (31 December 2019 to 31 January 2020 [1580]), (31 January 2020 to 28 February 2020 [1747]), (28 February 2020 to 31 Mar 2020 [2121]), 31 March 2020 to 30 Apr 2020 [2204]), 30 Apr 2020 to 30 May 2020 [2769]) (31 May 2020 to 30 June 2020 [2407]), 30 June 2020 to 31 Jul 2020 [2595]), 31 August 2020 [2427]) 31 August 2020 to 30 September 2020 [1992])</p> <p>Beat 1132 (31 December 2019 to 31 January 2020 [1723]), (31 January 2020 to 29 February 2020 [2314]), (29 February 2020 to 31 March 2020 [3161]), 31 March 2020 to 30 April 2020 [3045]), (30 April 2020 to 30 May 2020 [3553]), (30 May 2020 to 30 June 2020 [3013]), 30 June 2020 to 31 June 2020 to 31 Jul 2020 [3127]), 31 July 2020 to 31 August 2020 [5784])</p>

<b>Analysis</b>	<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. Who is/are the victim?</p> <p>Law abiding residents i.e. senior citizens, youth and students who are exposed to the effects of drug use and abuse in their community. Retailers who have the additional costs for security and enhanced security systems in order to transact business. Business owners and their staff.</p>		
		<p>1. Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</p> <p>Organize crime groups devise narcotics distribution and sales points for financial gain. As this is a lucrative market rival organized crime groups compete for locations and territory. Violent confrontations resulting in Aggravated Battery with Firearms And Murder result. This in turn increases the necessity for an armed response for protection and an increase in weapon possession related offenses.</p> <p>Offenders solicit narcotics sales as well as get away with selling narcotics by standing on the corner and yelling nicknames for street drugs. The narcotics are hidden in another location and hardly ever on the dealer. Juveniles are used as dealers because of the possibility of less penalties due to their age. Older adults are also standing in place to sell drugs as a decoy. Drug dealers may also play a sport like basketball in the street, or near the corner. Community members often state the individuals selling illegal drugs in front of their home, or businesses in the community do not reside in the area. Narcotics are sold through hand to hand transactions, or drive up service. The narcotics being sold by the offenders are heroin, marijuana and crack cocaine. The motives of the narcotics dealers are chiefly financial. They are also motivated to defend their narcotics territory from encroachment by other dealers or gangs. The offenders get away with selling narcotics through the use of juveniles and look-outs.</p>

<b>Root Cause Analysis</b> <i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i>	<p>2. What is the location of this problematic activity? Use street names to delineate the boundaries below:</p> <ul style="list-style-type: none"> <li>• Eastern Boundary: Central Park (3600 West) and Hamlin(3800 West)</li> <li>• Western (2400 West) Boundary :Pulaski (4000 West) and Kostner (4400 West)</li> <li>• Northern Boundary: Division (1200 North) and Lake (200 North)</li> <li>• Southern Boundary: Huron (700 North) and Congress (500 South)</li> </ul>			
	<p>Root causes stem from social issues high unemployment, alcohol and drug abuse. Compounded by a lack of available substance abuse treatment services. Lack of effective demand reduction programs. Organized prevention, diversion and treatment as well as follow up after care programs. With open air drug markets (buyers coming from outside the community) the perceptions of the community may lead to normalizing or acceptance of drug sales, use and abuse treatment services. Lack of effective demand reduction programs, organized prevention, diversion and treatment as well as follow up after care programs. With open air drug markets (buyers coming from outside the community) the perceptions of the community may lead to normalizing or acceptance of drug sales, use and abuse. Disconnect between landlord and tenants allow for illicit sales to be conducted. Lack of efforts to remodel, update and maintain properties. These "crack houses" promote use and distribution of narcotics. Intimidation of residents and businesses owners can prevent cooperation with service agencies as well as prosecutions. 		<p>Offenders also gather in front of businesses to conduct criminal activity. Vacant lots being fenced in by owners can help mitigate the problem of crime escalating as a result. Troubled building officers along with the alderman continuing to be diligent in addressing abandoned buildings and vacant lots can prevent the problem from reoccurring. Business owners having a close relationship with the business officer to ensure their business has no loitering signs. Criminal affidavits being complete to prevent criminal trespass to property and other criminal activity from occurring. Business owners having cameras installed inside and outside of their business and communicating any knowledge of criminal activity can help prevent the problem from reoccurring.</p> <p>Unemployment, domestic violence, mental health, lack of parental guidance and youth with unstructured time (Covid-19) and no trust amongst neighbors.</p> <p>Unemployment, mental health, drug addiction/opioid overdose, violence, domestic violence, lack of parental guidance, no trust among neighbors and covid-19. Taking the time to ensure community members has resources. Educational programs and job training development can help stop unemployment. Providing services to address mental health. Also empowering the community to be properly trained to assist individuals who need naloxone can help prevent the problems from reoccurring. Drug treatment programs being available. Continuing to address violence and domestic violence with not only enforcement, but providing the proper resources and counseling needed. The school system social workers establishing partnerships with parents to help in parenting programs being given. DCFS can also assist in providing parenting courses for families. Encouraging community members to formulate block clubs. Furthermore, also partnering with community members to create events that will allow neighbors to build relationships and build trust. Ensuring community members are knowledgeable about Covid-19 and provided with resources and places to receive testing.</p>		
Response	<p><b>Response Strategy</b> Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. <b>Non-enforcement strategies must be included.</b></p>	<p><i>Non-enforcement response (required):</i></p> <p>The 11<sup>th</sup> District will work collectively with community stakeholders and provide the following resources:</p> <ul style="list-style-type: none"> <li>• Continue to board up abandoned building</li> <li>• Block club seminars and support</li> <li>• Youth and Senior engagement</li> <li>• Business training</li> <li>• Domestic Violence Virtual Webinars- Teen Dating Violence, Child Abuse Awareness, Domestic Violence during Covid-19</li> </ul> <p>The Community Policing office will collaborate with community partners of Threshold and all members of the West Side Task Force)</p>		
		<p><i>Enforcement response (if applicable):</i></p> <p>Foot patrols Bike patrols Beat integrity(steady beat officers) Better response time and enforcement Dispersals Intradepartmental Service Request Form</p>		
	<p><b>Root Cause Mitigation</b> Explain how the Response Strategy directly addresses the root cause that was analyzed above.</p>	<p>Police and community would get to know each other with regular beat officers and foot/bike patrols. Quicker response time would allow more offenders to be caught. Dispersals will prevent more violent crime and prevent narcotic enterprises from operating.</p>

As the protection of human life is our main objective Weapons Possession and use directly contribute to the number of homicides, a major problem in the 11<sup>th</sup> District and the community would feel safe with lower percentages.</p> <p>Gun violence is a priority because it has a profound impact on its victims and their families. There is an urgent need to reduce gun violence among the residents in the community. Nationwide there is more violence. Narcotics and gang violence go hand and hand and must be addressed. <b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>Robbery is a priority because it can lead to psychological distress, fear and depression has a profound impact on its victims and their families' perceived security. Victims can develop social avoidance behavior. There is an urgent need to reduce all robbery classifications in the community. Robbery is a major problem in the 11<sup>th</sup> district and the community would feel safe with lower percentages.</p> <p>01 January 2020 to 07 December 2020 791 Robberies                      01 January 2019 to 07 December 2020 673 Robberies                      68 more robberies occurred in 2020                      12% increase in robberies from 2019 to 2020</p> <p>Calls For Service Are High</p>				
<b>Analysis</b>	<p>3. <i>Who is / are the victim(s)?</i>                      All residents, workers, communities are potential victims.                      Youth, seniors, businesses, business owners, faith leaders, church communities and stakeholders.</p>				
	<p>4. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc. Offenders commit robbery for financial gain. Target victims using force or the threat of force can be armed or unarmed. Most property taken is never recovered. Victims are often placed in a life threatening situation. Vehicular taken have been used to commit other crimes of violence before being recovered.</i></p> <p><i>Offenders that commit robberies take the property of another person by violence, intimidation or threat. <p><b>Root Cause Analysis</b> Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</p>	<p>Root causes stem from social issues high unemployment, alcohol and drug abuse. Compounded by a lack of available substance abuse treatment services. Lack of effective demand reduction programs, organized prevention, diversion and treatment as well as follow up after care programs. With open air drug markets (buyers coming from outside the community) the perception of the community may lead to normalizing or acceptance of drug sales, use and abuse. Disconnect between landlord and tenants allow sales to be conducted. Lack of efforts to remodel update and maintain properties. These "crack houses" promote use and distribution of narcotics. Intimidation of residents and business owners can prevent cooperation with service agencies as well as prosecutions.</p> <p>Poverty, low social economic status, unemployment, lack of education, mental health, lack of parental guidance, low self- esteem, alcohol and drug abuse. No trust amongst neighbors can be a cause. When community members have a stronger connection and relationship this brings strength and prevents criminal activity. When unity among members of the community is not present criminal activity continues to occur. Businesses without security and surveillance cameras can cause robberies. Not ensuring business employees are not working along opening and closing the business.</p>
<p><b>Response Strategy</b> Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. <b>Non-enforcement strategies must be included.</b></p>	<p><i>Non-enforcement response (required):</i></p> <p>Popups in areas of frequent robberies  Resource and job fairs in area where frequent robberies occur  Seminars to educate community members about safety  Community Beat meeting training on safety  Providing material with safety tips to community members: Do not release personal information to strangers, keep purses and personal valuables secure. Advise community members not to have distractions, but to remain cautious and aware of surroundings.  Businesses can be advised to have security along with surveillance cameras.  Businesses should have at least two employees open and close the business.  Social Media Robbery Safety Tips and Robbery Community Alerts</p> <p><i>Enforcement response (if applicable):</i></p> <p>Arrest Offenders who commit robbery.  Patrol heavily in areas which have been having robberies.  Foot Patrol  Bike Patrol  Traffic Missions  Blue Light Missions  Complete Investigatory Stop Reports when there is reasonable and articulable suspicion  CTA Checks  Business Checks  Inner And Outer Business Checks  Positive Community Interaction</p>

<p><b>Root Cause Mitigation</b> <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i></p>	<p>Police and community would interact. Business community and police would interact. Strategic dismantlement and federal charging of narcotics organizations allowing for enhanced sentencing guidelines to be followed. Greater information from community and business owners can help the police to deploy in area of current crime, as opposed to areas of historical crime.</p> <p>Pop ups in areas of frequent robberies along with resource and job fairs can help prevent poverty. Community members can receive information about employment and educational opportunities. Unemployment, domestic violence, mental health, lack of parental guidance, no trust among neighbors, businesses low social economic status, and lack of education. Safety seminars can help community members gain knowledge on how to be safe along with businesses. Trainings on safety can give further insight. Businesses having security and cameras can help cause suspects not to follow through with the robbery. Materials with safety tips can help community members know what to do to be safe. Businesses having security and cameras can prevent robberies from occurring. The enforcement strategies allow there to be more police presence. Having traffic missions and blue light missions can help prevent crime. Arresting criminals for robbery can also help other community members not rob anyone.</p>

<p><b>Affinity Groups</b></p> <p><b>High Priority Engagement Activities</b></p> <p>List at least one (no more than 3)</p>	<p><b>Priority #1:</b> Describe the engagement <i>The Homeless Are Not Forgotten. The objective is for everyone to work collectively together to ensure the homeless are able to receive the best quality of life. The homeless are not forgotten. Homeless individuals should know they are not forgotten and people care and value their life. As the needs of homeless individuals in the community are addressed the concerns are able to be positively impacted. This is done by collective initiatives of the Good Samaritans. Toiletry donations along with food, clothes, resources are given to homeless individuals, organizations, Faith-Based Institutions and the Chicago Police Department. The 011<sup>th</sup> Districts also holds a weekly food pantry at the 011<sup>th</sup> District Police Station and other areas in the district. Pop Ups to occupy the space with positivity are scheduled at Jackson and Pulaski, Garfield Park, Community Cleanups, Safety Walks are also activities conducted.</i></p>	<p>Select a specific population:</p> <p><input type="checkbox"/> LGBTQI</p> <p><input type="checkbox"/> Religious Minorities</p> <p><input type="checkbox"/> Immigrants</p> <p><input checked="" type="checkbox"/> Homeless Individuals</p> <p><input type="checkbox"/> Indi. w/ Disabilities</p> <p><input type="checkbox"/> Individuals in Crisis</p> <p><input checked="" type="checkbox"/> Other: Prostitution</p>	<p>Why is this engagement activity a high priority for the District? <i>Why is this engagement activity a high priority in the 011<sup>th</sup> District because in serving the needs of the homeless community this will address drug abuse, mental illness and crimes such as narcotic sells and robberies. This will assist in creating the best quality of life for all community members. The concerns of the homeless is a major concern throughout the district. Addressing the concerns of the homeless can also prevent other crimes from occurring and allow the quality of life for everyone to be at a place of excellence. The quality of life can be at a place where everyone is thriving. Community members expressed concern about homeless individuals becoming aggressive. The entire community is impacted. The youth and elderly community were especially mentioned. Residents are also affected. Drug sells and usage affected and causing people to loiter and congregate. In addressing homelessness it will address the top priorities: Narcotics, Violence and robberies. Homeless individuals and residents will be able to receive the best quality life.</i></p>	<p>What role will non-Community Policing Personnel (Watch, Tactical/Specialized Units, et.c) play in the engagement? <i>Police Officers on the watch will patrol the areas heavily to prevent narcotic sells and bring enforcement when it is reasonable and necessary.
