

Community-Driven Approaches to Crime Reduction - District Strategic Plan

CHICAGO POLICE DEPARTMENT

District: 017

Year: 2025

SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1					
Scanning	Priority Title	Shooting Violence			
	Priority Type	<input checked="" type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input type="checkbox"/> Quality of Life	
	Source <i>Check all that apply</i>	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input checked="" type="checkbox"/> DAC Meetings	<input type="checkbox"/> Resident Survey Data
		<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings	<input type="checkbox"/> Other: _____
	Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>In 2024, the 017th District has seen a slight decrease in shooting violence. 017 is down 3% in homicides and shooting incidents, as compared to 2023. 2024 YTD had 33 shooting incidents as compared to 34 during that same time frame in 2023. Although these numbers are trending in the right direction, this will still be a high priority for the men and women of the 017th District because the protection of human life is our main objective. As in the past, gangs and handguns are the direct contributor to the number of incidents. Residents in all parts of the 017 District respond to any shooting incidents with a high priority. Community members address their concerns to local Aldermanic Offices, hold meetings in their respective neighborhood associations and attend beat meetings in larger numbers.</p>			
Analysis	Problem Analysis <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. <i>Who is / are the victim(s)?</i></p> <p>Residents, Property Owners, Businesses, Young Adults, Gang Members, Non-Residents in the area.</p>			
		<p>2. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i></p> <p>Gun violence mostly by means of drive-by shootings, vehicle vs. vehicle or approached on foot. The offenders flee mainly by vehicle. The vast majority of the vehicles used are reported stolen, when the plate number is known and can be checked. As in years past, social media is a still a big contributor to gang conflicts and is something that the district continues to monitor.</p>

	<p>Root Cause Analysis <i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i></p>	<p>The 017 District is located in a dense and highly accessible area of the city. Two major highways run through its location providing easy movement to and from commerce and residential sections. Offenders are able to use this platform to infiltrate the densely populated residents who are commuting and working and vulnerable exercising their daily activities despite their vigorous participation in community policing. There are also gang rivalries that erupt and result in calculated drive-by revenge violence.</p>		
Response		<p><i>Non-enforcement response (required):</i></p> <ul style="list-style-type: none"> -Ensure the SDSC continues roll call information sharing. -Beat and Block association meetings. -Collaborating with organizations for youth/family involvement and education. -Ensure that graffiti removal requests, light repairs and any other misc. Post shooting missions are consistently used to inform residents of a nearby incident that they should be vigilant in their own efforts to communicate to neighbors and their associations, use caution and report suspicious activity immediately to 911. Staff from the 017 CAPS perform door to door canvases in response to shooting incidents

This will reduce signs of minor issues and not caring, taking ownership of the wellbeing of the community. If left unattended or uncorrected, minor issues can turn into bigger ones. Outdoor roll calls are very effective in that they inform the community to be aware of their surroundings, understand crime patterns and also

Ensure that the community takes an active approach to activities such as block cleanups, beat meetings, neighborhood watches, submitting 311 service calls to allow continuous monitoring and upkeep of the neighborhood. An active approach will empower the community to take on a leadership role in problem solving along with their neighbors. Community members must call 911 when incidents occur versus solely relying on aldermanic office reporting and/or social media.

Community Ownership

Explain how the Response Strategy and activities listed above will establish and empower the community to take on a leadership role in solving the problem.
