CHICAGO POLICE DEPARTMENT

___18___ District

SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1				
	Priority Title	DRUG SALES		
	Priority Type	<input type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input checked="" type="checkbox"/> Quality of Life
	Source	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input checked="" type="checkbox"/> DAC Meetings
	<i>Check all that apply</i>	<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings
Scanning	Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>Through an extensive search and based on last year's crime data for incidents, it was determined that Beat 1821(2020 Calls for Service- 63 and 2021 Calls for Services YTD 24OCT21 is 64), Beat 1824 (2020 Calls for Service- 83 and 2021 Calls for Services YTD 24OCT21 is 85) and Beat 1834 (2020 Calls for Service- 19 and 2021 Calls for Services YTD 24OCT21 is 44) are currently in the top three for Narcotics calls for service in 2021.</p> <p>These findings were reinforced at Beat meetings by numerous complaints of drug sales in 1824, 1823, 1821 and 1834 meetings and in addition during the community conversations for the 2022 18th District Strategic Plan.</p>		
	Problem Analysis <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. Who is / are the victim(s)? Businesses, tourists and Community members(residents)</p> <p>2. Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</p> <p>Offenders normally approach by vehicle, foot, bicycles (i.e. rental bikes) or public transportation (offenders tend to use the Red Line at State/Grand and Division/Clark due to its easy accessibility). In some cases, offenders have been found to conceal their identity by covering their faces, particularly during this time of the COVID pandemic. Offenders use alleys and CTA property (bus shelter and stairwell) to conceal their narcotic transactions and use. Offenders are both buyers and sellers.</p>

Root Cause Analysis <i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i>	<p>There are ongoing gang and narcotics issues on Beats 1821(Evergreen and Sedgwick) and 1823 (Cambridge and Oak).</p> <p>Issues with narcotics and homeless in Beats 1824 (Clark and Division) and 1834 (Hubbard and State). Gangs and homeless individuals are in the area where narcotics are being used and sold.</p> <p>It is a possibility that addressing the gang and homeless issues may help reduce the number of calls for service and incidents.</p> <p>Beats 1821, 1823 and 1834 are in our district's Gang and Narcotic Loitering Hot Spots.</p>																											
Response	Response Strategy <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.</i>	<p><i>Non-enforcement response (required):</i></p> <ul style="list-style-type: none"> • The 18th District will be conducting outdoor roll calls. • The 18th District Office of Community Policing, along with city services will conduct city service request missions to get the areas cleaned up and ensure that city service requests are done to ensure all public lighting in the area is fixed. • District Court advocates will follow any arrests made in the area of Clark/Division, Sedgwick/Evergreen and Hubbard/State. • Neighborhood associations and community organizations will conduct positive loitering events, walk & talk and host public safety workshops. <p><i>Enforcement response (if applicable):</i></p> <ul style="list-style-type: none"> • 18th District Tactical teams will run narcotic and quality of life missions (especially in the summer times when there tend to be an increase in complaints) in the affected area. • The Watch Operation Lieutenant will ensure 1821, 1824 and 1834 will maintain Beat integrity. Tact, the Beat and foot officers will conduct traffic missions, Index crime missions, Focused Deterrence Enforcement Action Missions and determine the window of time when narcotic sales activities spike on their watch. • Tactical personnel will continue to collaborate with the narcotics unit to address the narcotic issues.

This car will be utilized during the period of time which data projects the highest crime trend. 1821A is a fixed post at Evergreen and Sedgwick. 	
Root Cause Mitigation <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i>	The non-enforcement & enforcement strategies work in a synergistic manner to attack the suspected root cause of increased narcotic sales on Beats 1824, 1823, 1821 and 1834. By deploying the above-mentioned strategies (outdoor roll call, positive loitering), environmental tactics (streets & alleys cleaned up, appropriate lighting and cameras) and enforcement tactics (tact team narcotic missions, Beat integrity, and outside assistance from narcotics) the 18th District will attack the root cause on multiple fronts.

These findings were reinforced by numerous complaints about robberies at Beat and community meetings for 1831, 1832, and 1834. In addition to the crime data and Beat meetings the issue was brought up at the community conversations for the 2022 18th District Strategic Plan.</p> <p>This area is frequented by Chicago residents as well as many out of town visitors. Because of large amounts of alcohol being consumed in this area it causes victims to be less aware of their surroundings and increases victimization. Victimization is done on several levels including fake ride share, strong arm and armed robberies, pick pocketing as well as drug sales that turn into robberies. The potential for physical violence is always present and escalation occurs depending on victim resistance.</p> <p>This area also has high end retail stores with easy access to Lake Shore Drive and 90/94 and the CTA Red Line at Grand/State and Chicago/State to exit quickly.</p>
