CHICAGO POLICE DEPARTMENT

District:   015  Year:   2023  **SECTION 1 – PROBLEM SOLVING PRIORITIES**

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1					
<b>Scanning</b>	<b>Priority Title</b>	Gun Violence (Shootings)			
	<b>Priority Type</b>	<input checked="" type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input type="checkbox"/> Quality of Life	
	<b>Source</b> <i>Check all that apply</i>	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input type="checkbox"/> DAC Meetings	<input type="checkbox"/> Resident Survey Data
		<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings	<input type="checkbox"/> Other: _____
<b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>From 30 Sep 2021 to 30 Sep 2022, aggravated batteries with a firearm and homicides accounted for the majority of violent incidents within the 015<sup>th</sup> District. The district has seen a 8% decrease combined with 40% from previous year a total of 48% reduction in Homicides since 2020 and a 24% decrease in Aggravated batteries from the previous year along with a 22% reduction in 2022.</p> <p>Beat 1511 and 1512 have had a steady decrease in homicides and aggravated batteries from the previous years as well.</p> <p>Beat 1513 had a 40 % reduction in homicides which is astounding considering last year we were up 100%. and although this year we are still at a 27% increase in shooting we are still down from last year's numbers from 14 shooting down to only 11 shootings. 42%</p> <p>Beat 1532 had a 17% reduction in Homicides and 48% reduction in Aggravated Batteries.</p> <p>Beat 1533 showed a 44% reduction in homicides and a 5% decrease in Aggravated Batteries.</p>				
<b>Analysis</b>	<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. <i>Who is / are the victim(s)?</i></p> <p>The victims are gang members from various gang factions operating within the 015th District. Victims have also been innocent bystanders. These victims have not been children as in the previous years they are young adults 18-46. Due to the youth strategies implemented we would report no youth have been affected by gun violence this year as they have in years passed.</p> <p>2. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i></p> <p>The offenders' motives are driven by gang retaliation as well as drug sales. The members of these different gang factions use semi-automatic weapons to commit these crimes. The offenders usually flee by vehicle and these vehicles are most often the product of a vehicle theft or high jacking when found.</p>

	<p>3. <i>What is the location of this problematic activity? Use street names to delineate the boundaries below:</i></p> <ul style="list-style-type: none"> <li>• Eastern Boundary: Cicero Avenue (4800 West)</li> <li>• Western Boundary: Long Avenue (5400 West)</li> <li>• Northern Boundary: Race Avenue (526 North)</li> <li>• Southern Boundary: Van Buren (400 South)</li> </ul>		
<p><b>Root Cause Analysis</b> <i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i></p>	<p>Gang Violence Narcotic Sales</p>		
<p><b>Response Strategy</b> <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. <b>Non-enforcement strategies must be included.</b></i></p>	<p><i>Non-enforcement response (required):</i></p> <p>Utilizing the community partners of the Austin Response Team (ART) as a proactive measure to address potential areas of conflict and a reactive measure to areas which have reported shooting incidents by conducting canvasses while providing the necessary resources to deter crime and critical incidents from occurring proves to be a phenomenal addition to the 015<sup>th</sup> District.</p> <p><i>Enforcement response (if applicable):</i></p> <p>The Strategic Decision Support Center (SDSC) has aided in being able to secure the offenders of violent crime by being attentive to cameras and being able to place close attention to crime patterns. The 015<sup>th</sup> District Community Policing Office has been instrumental in assuring city service requests are submitted and completed, such as Streets &amp; Sanitation and Forestry to assist in removing trees and small branches that affects the obstruction of POD cameras.</p>		
<p><b>Root Cause Mitigation</b> <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i></p>	<p>There are gang conflicts throughout the 015<sup>th</sup> that carry on from the 11<sup>th</sup> district border at Cicero and the 25<sup>th</sup> district border at Division. The conflicts are over narcotics sales and currency. The offenders are arming themselves while soliciting the sale of narcotics and as a result innocent lives have been lost. Addressing the issue by assisting the Austin Response Team (ART) and allowing them to intervene when the gang conflict arises to mitigate retaliation and try to solve the issues before the shooting occurs. Being proactive instead of reactive when a known gang conflict is presented. Helping the offender secure legal employment in an effort to end narcotic sales.</p>

<b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	Narcotic Loitering calls for service have shown a decrease of 3% in 015 <sup>th</sup> District as a whole. Narcotic sales lead to gun violence and other crimes so continuing to reduce the number of calls and increase number of narcotic related arrest will be a top priority going into 2023. Narcotics Loitering calls for service have shown a 2% increase within the boundary area and we inspect it to increase as we continue to get the community involved, begin the relationships building process and restore trust for the police.				
<b>Analysis</b>	<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	4. <i>Who is / are the victim(s)?</i>			
		The victims are community residents who are intimidated by gang members who are the individuals engaging in narcotic sales. The business owners and staff whose establishments are often threatened because they are unable to get these known individuals off their property.			
		5. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i>			
	Narcotic sales and those engaging in the sale of narcotics in front of business establishments can deter customers. Businesses are struggling to combat loitering, as most have limited means to remove loiterers who aren't asking potential customers for money. Those same loiterers have been known to vandalize or threaten business owners if the police confront them.

<p><i>of the problem that, if mitigated, would prevent the problem from re-occurring. Offenders target property locations that are abandoned, vacant lots and in front of businesses. The offenders take over private locations to conduct, sell and hide narcotics. There are gang conflicts throughout the 015<sup>th</sup> that carry on from the 11<sup>th</sup> district border at Cicero and the 25<sup>th</sup> district border at Division are all over narcotics sales and currency.</p>		
<p><b>Response Strategy</b> <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. <b>Non-enforcement strategies must be included.</b></i></p>	<p><i>Non-enforcement response (required):</i> The 015<sup>th</sup> District will work collectively with Bureau of Patrol to request and serve custom notifications for known gang members of different factions who are involved in with the narcotic sales. In addition, the 15<sup>th</sup> District Community Policing Office, along with the Troubled Building Officer, will identify problematic vacant lots that are being utilized to hide and sell narcotics and complete city service requests requesting a bulk clean up and get these troubled buildings secured.</p>		
	<p><i>Enforcement response (if applicable):</i> 015<sup>th</sup> District Gang/Tactical Unit will conduct surveillance utilizing the POD cameras. The narcotic unit will conduct related missions that will target affected locations, with buyers, lookouts, and sellers.</p>		
<p><b>Root Cause Mitigation</b> <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i></p>	<p>The non-enforcement and enforcement response strategy will work in a collaborative effort to address the chronic crime disorder and quality of life issues faced by the residents in 015<sup>th</sup> District. These violations over time cause an interruption in the standard of health, comfort and happiness experienced by the community. Reducing the quality-of-life offenses can ultimately reduce crime.		
<b>Analysis</b>	<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	7. <i>Who is / are the victim(s)?</i>		
		The victims are residents, community stakeholders, business owners, commuters, and all other pertinent individuals who frequents the Austin Community.		
		8. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i>		
		The offenders are individuals who no longer live in the area but have an attachment to the area where the QOL crimes are committed. <b>Assessment Plan</b>	<b>Community Ownership</b> <i>Explain how the Response Strategy and activities listed above will establish and empower the community to take on a leadership role in solving the problem.</i>	Giving the community a voice will empower them to take ownership in taking back their community one block at a time. Through collaboration with community stakeholders, city agencies, and all officers within the 015 <sup>th</sup> district the neighborhoods can be revived for those who choose to stay and be involved.			
	<b>Metrics</b> <i>Select the Focus Metric that will be used as the primary measure to evaluate progress for this problem. Then, list any other quantitative and qualitative outcomes that you will use to track progress.</i>	<i>Focus Metric (refer to the District Guidance Document for a list of aligned metrics):</i>  Reduction in the quality of life calls for service in the targeted area  Additional Metrics: Make sure neighborhoods are clean and maintained.			
	<b>Follow-Up Plan</b> <i>Explain how the District will follow-up to ensure that the Response Strategy is having the desired impact</i>	Over what time horizon will the Response Strategy be implemented? (select one)	<input type="checkbox"/> 1 to 3 months	<input type="checkbox"/> 4 to 6 months	<input checked="" type="checkbox"/> More than 6 months
	<b>Mitigation Criteria</b> <i>Explain how you will specifically know when the problem can be considered "addressed". Consider both quantitative and qualitative approaches.</i>	How frequently will District personnel follow-up to ensure the Response Strategy is having the desired impact?  Once a week during the SDSC briefings, the focus and additional metrics will be addressed to measure effectiveness.			
		When the focus metric numbers decrease, and calls for service regarding narcotic sales for the entire district decrease. When homeowners become responsible for securing their abandoned properties and help restore safety measures it should be noticeable to the community and residents should be able to voice the reduction of loitering during community meetings.
