___18___ District

SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1				
70	Priority Title	DRUG SALES		
	Priority Type	<input type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input checked="" type="checkbox"/> Quality of Life
	Source	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input checked="" type="checkbox"/> DAC Meetings
	Check all that apply	<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings
Scanning	Rationale	<p>The top four beats in 018th District for Drug Sales based on year to date 10 Oct 2023's crime data for Narcotics Loitering and Selling calls for service (CFS) are below compared to 2022.</p> <ul style="list-style-type: none"> - 1834 52 CFS in 2023; 56 CFS in 2022 - 1831 42 CFS in 2023; 62 CFS in 2022 - 1821 82 CFS in 2023; 49 CFS in 2022 - 1824 56 CFS in 2023; 32 CFS in 2022 <p>These findings were reinforced at Beat meetings by numerous complaints of drug sales in 1834, 1831, 1823, 1821 and 1824 as well as the community conversations for the 2024 018th District Strategic Plan. Although there's been a decrease in CFS, our department will use our utmost diligence to ensure this continues at a decline.</p>		
	Problem Analysis	<p>1. Who is / are the victim(s)? Businesses, tourists and Community members(residents)</p> <p>2. Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</p> <p>Offenders normally approach by vehicle, foot, bicycles (i.e. rental bikes) or public transportation (offenders tend to use the Red Line at State/Grand and Division/Clark due to its easy accessibility). In some cases, offenders have been found to conceal their identity by covering their faces, particularly during the COVID pandemic. Offenders use alleys and CTA property (bus shelter and stairwell) to conceal their narcotic transactions and use. Offenders are both buyers and sellers.</p>

		<p>This area continues to be frequented by Chicago residents as well as many out of town visitors. Because of large amounts of alcohol being consumed in this area victims may be less aware of their surroundings which increases victimization. Victimization is done on several levels including fake ride share, strong arm and armed robberies, pick pocketing, as well as drug sales that turn into robberies. The potential for physical violence is always present and escalation occurs depending on victim resistance.</p> <p>This area also has high end retail stores with easy access to Lake Shore Drive and 90/94 and the CTA Red Line at Grand/State and Chicago/State to exit quickly.</p>
