## CHICAGO POLICE DEPARTMENT

District: 010

Year: 2025

### SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

#### PROBLEM SOLVING PRIORITY #1

<b>Scanning</b>	<b>Priority Title</b>	Violence: Shootings/Homicides																											
	<b>Priority Type</b>	<input checked="" type="checkbox"/> Violent Crime		<input type="checkbox"/> Property Crime			<input type="checkbox"/> Quality of Life																						
	<b>Source</b> <i>Check all that apply</i>	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations		<input type="checkbox"/> DAC Meetings		<input type="checkbox"/> Resident Survey Data

<b>Analysis</b>	<b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>Through a comprehensive search of crime data, case reports and community input, it was determined that homicides/shootings are a concern because of the community social issues. This has created disruption and hardship for a large number of people within the community. For example, economic disparity, social disorganization, mental health, frustration and aggression and gang involvement creates more crime due to the lack of resource. Also, gun violence and gang territory conflicts contributes to the aggression because of generational gang rivalry between the Latin Kings vs. Two-six. YTD there has been 52 shootings compared to 50 in 2023 that resulted in a 33.3% increase in homicides. There have been 16 homicides compared to 12 in 2023. Despite the fact that there is an increase in homicides we will continue to work with our community partners, New Life Centers and UCAN Chicago in assisting us reduce the violence between the specific gang conflicts in the 10th District. 10th District Community Organizer will be working in conjunction with the Youth Coordinator to reach out to the community members through schools and youth programs to assist the Community Policing Office bridge the divide.</p> <p>Area of concentration: Roosevelt-26th St./ Central Pk.- Kedzie Ave.</p> <p>Crime Data:</p> <table border="1"> <thead> <tr> <th>DATE RANGE</th> <th>HOMICIDES</th> <th>+/-</th> <th>%Δ</th> <th>SHOOTINGS</th> <th>+/-</th> <th>%Δ</th> </tr> </thead> <tbody> <tr> <td>Jan 01 2024 - Dec 17 2024</td> <td>16</td> <td>4</td> <td>33.3</td> <td>52</td> <td>2</td> <td>4</td> </tr> <tr> <td>Jan 01 2023 - Dec 17 2023</td> <td>12</td> <td>3</td> <td>33.3</td> <td>50</td> <td>2</td> <td>4.2</td> </tr> </tbody> </table>							DATE RANGE	HOMICIDES	+/-	%Δ	SHOOTINGS	+/-	%Δ	Jan 01 2024 - Dec 17 2024	16	4	33.3	52	2	4	Jan 01 2023 - Dec 17 2023	12	3	33.3	50	2	4.2

<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. Who is / are the victim(s)?</p> <p>The victims tend to be teenagers to young adult males (14-28), who are particularly associated with Gangs.</p> <p>2. Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</p> <p>Offenders tend to be motivated by gang territory and intrusions of narcotic sales that are occurring within the boundaries of Roosevelt-26th St./ Central Pk.- Kedzie Ave. Semi-automatic hand guns with an automatic</p>

	<b>Root Cause Analysis</b> Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.	Reducing the gang conflict over territory and narcotics sales, will help reduce the shootings/homicides in the district. In order for this to be successful, participation from non-for -profit organizations and the community can assist us by connecting through the youth by introducing new programs and addressing the underlying social and economic factors that contribute to violence. The participation of residents, schools and businesses can assist with these conflicts to help build lifelong partnerships which will in turn create trust within the community so we can work together to achieve our goals as a whole.			
Response	<b>Response Strategy</b> Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. <b>Non-enforcement strategies must be included.</b>	<p><b>Non-enforcement response (required):</b></p> <p>In collaboration with the New Life Centers and UCAN Chicago they can assist us by being present in maintaining peace to allow officers to conduct their investigations. High visibility of uniformed officers in that perspective area known for violence can aid in conflict resolution. Foot patrol conducted by beat officers can help the community foster relationships to be able to feel comfortable to speak openly regarding the violent crimes.</p> <p><b>Enforcement response (if applicable):</b></p> <p>Increasing police patrol presence by utilizing outside resources in particular Priority Response Team (PRT) and district tactical teams within the affected areas. We will also utilize the Confidential Analytic Section that can help us focus on social media post to gain intelligence that can assist with possible conflicts that can result in retaliation. We will also create missions to combat crime and also focus on gang activity and drug sales. With the assistance of officers in the district and outside resources together we can identify the individuals who are the root cause of the problems. District intelligence officers will also seek information through community members and work with officers who gained intelligence from outside resources. We will also consult with Gang and Narcotics to assist us with possible intel regarding conflict because of narcotic sales that lead into the cause of the shootings/homicide.</p>			
	<b>Root Cause Mitigation</b> Explain how the Response Strategy directly addresses the root cause that was analyzed above.	Root cause for crimes that are ongoing within the district are caused from conflicts that stem from generational gang affiliation and conflicts, environment and culture. In coordination with the community organizers and all the residents it is imperative to be in constant communication with the community by providing them with safety tips and resources for assistance on how to separate themselves from gangs and narcotics. The continuation of disseminating pertinent information to our community members is key by utilizing our social media platforms to spread awareness on evolving crime patterns and community safety alerts. 10th District will create more communication through organizations like Chicago Cred, UCAN, Firehouse, ENLACE and New Life Centers that can assist with the violent issues and help create peace.

We will notice decrease in service calls. We will assess, evaluate and continue to monitor the problem until we have eliminated service calls made in the area of concern. District Coordination Officers will monitor the calls for service and create solutions within their DCA by creating a plan to effectively reduce crime and quality of life issues in partnership with community organizations. With these plans in place we can reduce the percentage of shootings which result in homicides.</p>

Through community concerns voiced by community members have voiced frustration with gang infestation, taking over the area due to illegal narcotic sales and gang loitering. Open-air market in narcotics operations in a community can cause violent crime. Some of the crime commonly associated with an open air market are: violence crime over narcotics territory disputes, overdoses, prostitution, recruitment of youth (12-17 yoa) to facilitate the sale of narcotics and the utilization of unmaintained properties to store illegal narcotics and weapons.</p> <p>Area of Concentration: 16th St.- Ogden/ Keeler- Avers</p> <p>Crime Data:</p> <table border="1" data-bbox="407 1020 967 1209"> <thead> <tr> <th>DATE RANGE</th><th>ADDRESS OF ARREST</th><th>+/-</th><th>%Δ</th></tr> </thead> <tbody> <tr> <td>Jan 01 2024 - Dec 17 2024</td><td>114</td><td>77</td><td>208.1</td></tr> <tr> <td>Jan 01 2023 - Dec 17 2023</td><td>37</td><td>-2</td><td>-5.1</td></tr> </tbody> </table>					DATE RANGE	ADDRESS OF ARREST	+/-	%Δ	Jan 01 2024 - Dec 17 2024	114	77	208.1	Jan 01 2023 - Dec 17 2023	37	-2	-5.1

They are also utilizing vehicles, abandoned buildings and hallways of buildings that are left unlocked. The narcotic dealers are also known to carry weapons. For example, semi-automatic weapons with switch options and assault rifles in case of opposing gang/narcotic dealers come to their territory of service. Due to these narcotic sales they have intimidated the residence so they can continue selling their narcotics. Narcotic dealers have also recruited the youth to hold their narcotics and weapons because of lack of accountability.</p>

<b>Root Cause Analysis</b> <i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i>		The root cause is lack of education, guidance, and parental support. Many individuals who are involved with narcotic sales tend to be a part of an area known for gangs and are easily influenced to be part of a bigger culture to make money. In many instances, the children of the gang/narcotics dealers learn the role of being part of the gang at a young age and learn how they can make fast cash by selling narcotics. Many times the youth tend to not go to school and choose the life of crime because their family is unable to support them with a lavish lifestyle.			
<b>Response</b>	<b>Response Strategy</b> <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.</i>	<b>Non-enforcement response (required):</b> The Community Policing Office have received community member complaints regarding the area of 19/Komensky, an area known for gang and narcotics sales. The 10th have sought out community organizations like Boxing out Negativity, UCAN Chicago, and CRED to assist with providing jobs and resources to these individuals to be able to remove them from the life of crime. Using other agencies like Streets and Sanitation can assist the police by keeping the area groomed and well lit for the safety of the community.			
		<b>Enforcement response (if applicable):</b> Increase police patrol by utilizing gang and narcotics officers to assist with saturating the area of concern will help identify and arrest narcotic dealers and seize illegal guns. Utilizing the SDSC room and pod surveillance can help identify the problem and possible offenders who are known to be a part of the quality of life issues. We will designate the area of 1800-1900 block of Komensky as a hotspot to assist the Officers with another tool to eliminate narcotics loitering problem. We will continue use our efforts to maintain a gang/narcotic free zone by utilizing the community policing office and DCOs.			
	<b>Root Cause Mitigation</b> <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i>	Root cause for crimes that are ongoing within the district are caused from the drug trade and generational gang rivalry. Gang and narcotics is learned within their environment through culture, music and social media. Lack of guidance and programs to keep children away from drugs and gangs is imperative to stop the war on drugs. Helping the less fortunate with job training and education and resources can improve the quality of life issues. The 10th District will create more communication through organizations like Chicago Cred, UCAN, Firehouse, ENLACE and New Life Church that can assist with educating our youth about the consequences when joining gangs and participating in illegal narcotics sales. These organizations will assist by offering these individuals with jobs and education to help brighten their future.

<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>7. <i>Who is / are the victim(s)?</i></p> <p>The victims are vulnerable individual including food vendors, public transportation commuters and/or community members who are walking or parked on the street.</p>																
	<p>8. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i></p> <p>The offenders are masked and usually work in groups. They display handguns and/or cutting instrument and threaten to kill victims if they don't attend to their demands. Offenders then proceed to take the victim's belongings, and demand them to take out money by utilizing their debit cards by giving up their pins. Offenders often use stolen vehicles to commit robberies to avoid being identified.</p>

Use street names to delineate the boundaries below:</i></p> <ul style="list-style-type: none"> <li>• East: Kedzie</li> <li>• West: Kostner</li> <li>• North: 25th St.</li> <li>• South: 27th St.</li> </ul> <p>Offenders are identified as youth to younger adults ranging in age of 14-25. Youths are in need of proper guidance and mentorship programs that can instill moral qualities and education. Lack of faith, parental guidance, and mentorship programs can encourage the youth to have a sense of belonging by participating in illegal activities. This type of behavior has paved the path to theft related crimes with no legal consequences to stir them in the right path for success. Parents need programs to provide education, assistance and resources with parental guidance on how to identify warning signs</p>

		for troubled behavior. Gangs often use violence and intimidation to maintain control over their members and territory by providing a sense of belonging to the trouble youth. This can create a climate of fear and coercion that makes it difficult for young people to resist gang involvement. Gangs often recruit young people and condition them to commit crimes through various methods due to the youth not having harsh consequences.		
Response	<b>Response Strategy</b> <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.</i>	<i>Non-enforcement response (required):</i> Using social media platforms to disseminate pertinent information to educate our community members become aware of their surroundings and prevent them from falling victims to crimes occurring. Actively speak and exemplify positive community interactions with the youth to plant the seed of self- value to prevent them from joining gangs and mischievous behaviors. Start mentorships through schools by teaching programs like DARE, GREAT, and Police Explorers will aid in our effort to guide the youth and prepare them for success. Forming a collaborative partnership between schools, non-profit organizations, community based agencies will create a stronger bond and ensure that it will be a holistic approach to creating a better environment for success.		
		<i>Enforcement response (if applicable):</i> Increased police patrol presence including foot patrol, District tactical teams, outside resources and DCOs in the area of concern. Missions geared to combat crime and also focused on conducting ISR's, traffic stops that can lead to an arrest. Officers intently and vigorously working with the Area Robbery Detectives and Vehicular Hijacking Unit by sharing intelligence and communicating on the evolving patterns to prevent Robberies. Create a new team (Robbery Mission Team) within the district who can focus on robberies and gain intelligence to assist in the prosecution efforts.		
	<b>Root Cause Mitigation</b> <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i>	In coordination with the community organizers and all the residents and community resources it's imperative to be in constant communication with the community by providing them with safety tips and resources for assistance on how to separate themselves from gangs that can lead them to commit crimes. Having access to opportunities and resources is a significant factor in helping individuals choose a path towards success and deterring them from criminal activities.
