

# Community-Driven Approaches to Crime Reduction - District Strategic Plan

## CHICAGO POLICE DEPARTMENT

District: 017

Year: 2025

### SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. Please ensure responses are specific and detailed.

PROBLEM SOLVING PRIORITY #1				
	<b>Priority Title</b>	Shooting Violence Beat 1723		
	<b>Priority Type</b>	<input checked="" type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input type="checkbox"/> Quality of Life
	<b>Source</b> <i>Check all that apply</i>	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input checked="" type="checkbox"/> DAC Meetings
		<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings
Scanning	<b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>In 2024, the 017th District as a whole has experienced a modest reduction in shooting-related violence. Homicides and shooting incidents have decreased by 3% compared to 2023. So far this year, there have been 33 shooting incidents, slightly down from 34 during the same period last year. While these numbers reflect a positive trend, addressing this issue remains a top priority for the dedicated officers of the 017th District, as protecting human life is our primary mission. Beat 1723 has the highest number of shooting incidents with 7. Motives are historical gang conflicts with Spanish Gangster Disciples and Conservative Vice Lords as well as La Familia Stones and Spanish Gangster Disciples. Community members across the 017th District remain highly engaged in addressing concerns related to shootings, actively reaching out to local Aldermanic Offices, organizing meetings within their neighborhood associations, and attending beat meetings in greater numbers.</p>		
	Analysis	<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>1. Who is / are the victim(s)?</p> <p>Residents, Property Owners, Businesses, Young Adults, Gang Members, Non-Residents on beat 1723</p> <p>2. Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</p> <p>Gun violence in the district is primarily driven by historic gang conflicts, drive-by shootings, vehicle-to-vehicle confrontations, or incidents where offenders approach victims on foot. In most cases, the</p>

	<p>perpetrators flee the scene in a vehicle. A significant number of these vehicles are found to be stolen when their license plate numbers are available and can be verified. As in previous years, social media remains a major factor fueling gang conflicts, and the district continues to monitor these platforms closely.</p>

Be as specific as possible.</i></p>	<p>3. <i>What is the location of this problematic activity? Use street names to delineate the boundaries below:</i></p> <ul style="list-style-type: none"> <li>• Eastern Boundary: Kimball Ave.</li> <li>• Western Boundary: Pulaski Rd.</li> <li>• Northern Boundary: Lawrence Ave.</li> <li>• Southern Boundary: Irving Park Rd.</li> </ul> <p>017 is situated in a densely populated and easily accessible area of the city, with two major highways running through its borders, facilitating convenient travel to and from both commercial and residential areas. Offenders often exploit this infrastructure to infiltrate the community, targeting vulnerable residents as they commute, work, and go about their daily routines, despite the community's strong commitment to policing efforts. A historical gang conflict with Spanish Gangster Disciples and Conservative Vice Lords as well as La Familia Stones and Spanish Gangster Disciples is a major root cause. These gang rivalries frequently flare up, leading to retaliatory drive-by shootings fueled by ongoing tensions.</p>				
<p><b>Response Strategy</b> <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.</i></p>	<p><i>Non-enforcement response (required):</i></p> <ul style="list-style-type: none"> <li>-Ensure the SDSC continues roll call information sharing.</li> <li>-Beat and Block association meetings.</li> <li>-Collaborating with organizations for youth/family involvement and education.</li> <li>-Ensure that graffiti removal requests, light repairs and any other misc. Requests are submitted through 311 and the proper channels.</li> </ul> <p><i>Enforcement response (if applicable):</i></p> <p>SDSC personnel, depending on available manpower and shift schedules, will consist of up to three officers and will continue to carry out POD missions. The 017th District Tactical teams, made up of up to 30 officers and 3 sergeants, will maintain their focused operations and adapt them to address any emerging trends identified through data analysis relating to beat 1723. Post-shooting missions are regularly conducted to alert residents about nearby incidents, encouraging them to stay vigilant, communicate with neighbors and local associations, exercise caution, and report any suspicious activity immediately to 911. Additionally, 017 CAPS staff will continue to conduct door-to-door canvases in response to shooting incidents.</p>

**CHICAGO POLICE DEPARTMENT**

**Root Cause Mitigation** Explain how the Response Strategy directly addresses the root cause that was analyzed above.

- Collaborate with community organizations focused on family and youth development to inspire leadership, promote social change, and drive community improvement.
- Host informative roll calls that allow officers to concentrate on specific crimes or issues while actively engaging with the community.
- Ensure that 311 service calls are properly processed through Aldermanic offices to address minor issues promptly, preventing them from escalating. Taking ownership of the community's well-being sends a message that we care and are proactive. Unresolved minor issues can snowball into larger problems if ignored.
- Outdoor roll calls are highly effective in raising community awareness about their surroundings, recognizing crime patterns, and showing a visible law enforcement presence after incidents. They also offer residents the opportunity for positive, face-to-face interactions with officers.

	<b>Rationale</b> <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	In 2024, the 017th District has seen a decrease in reported robberies, with 209 incidents compared to 218 in 2023. While the district is encouraged by this positive trend, addressing robbery remains a high priority for 2025. The reported robberies occur most frequently between 2300 and 0400 hours, with over 30% of them happening on beats 1722 and 1723. The violent nature of many of these incidents underscores the need for dedicated resources to tackle this ongoing issue.			
<b>Analysis</b>	<b>Problem Analysis</b> <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	4. Who is / are the victim(s)?

		Victims are often approached from behind, and their property is taken by force. In many cases, victims are pushed to the ground, and weapons may be displayed or implied to force compliance. Offenders a lot of the times arrive in stolen vehicles as well. These incidents often occur when residents are entering or exiting their garage or home, or while waiting in their vehicle, leaving them vulnerable to robbery.

<p><i>prevent the problem from re-occurring. Be as specific as possible.</i></p>	<p>Robberies are more likely to occur in areas with low pedestrian or vehicular traffic, poor lighting, limited camera coverage, and proximity to expressways. Individuals facing hardship, job loss, or addiction are also more vulnerable. Additionally, community members who are not alert—such as those texting, wearing headphones, or leaving car doors unlocked—become easy targets. Secluded businesses or those with late-night hours create opportunities for crime. Despite residents' awareness through media, meetings, and neighborhood associations, the area's high level of commerce, dense population, and easy accessibility continue to make it an attractive target for robberies.</p>

Maintaining constant communication by sharing safety tips and strategies to avoid victimization is crucial.
