

Community-Driven Approaches to Crime Reduction - District Strategic Plan

CHICAGO POLICE DEPARTMENT

District: 025

Year: 2025

SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1				
Scanning	Priority Title	Gun Violence		
	Priority Type	<input checked="" type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input type="checkbox"/> Quality of Life
	Source	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input checked="" type="checkbox"/> DAC Meetings
	Check all that apply	<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings
	Rationale	<p>Gun violence is the top priority in the 25th District. Beginning 01 January 2024 to 01 December 2024 gun violence has accounted for the majority of violence within the district. In the past year there have been 89 shootings, and 11 Homicides compared to the previous year (2023) there has been a 7% increase in shootings. The district has seen a 16% decrease in Homicides when compared to the previous year. The sanctity of human life and addressing the negative impacts of gun violence in our community is why this will continue to be our top priority.</p>		
Analysis	Problem Analysis	<p>1. Who is / are the victim(s)?</p> <p>The victims are community members, innocent bystanders, youth, gang members and business owners.</p>		
		<p>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of crime, etc.</p>		
		<p>84.2% of the shootings (75 out of the 89) are aggravated with a handgun. 9% of the shootings (8 out of the 89) resulted in first degree murder.</p> <p>The vast majority of offenders used a handgun in the commission of the crime. The majority of shootings have been categorized as undetermined motive by detectives.</p>		
		<p>Typical Time of Day (select all that apply):</p> <p><input checked="" type="checkbox"/> 1st Watch <input checked="" type="checkbox"/> 2nd Watch <input checked="" type="checkbox"/> 3rd Watch</p>		
		<p>3. What is the location of this problematic activity? Use street names to delineate the boundaries below:</p> <ul style="list-style-type: none"> • Eastern Boundary: Central Park • Western Boundary: Austin • Northern Boundary: Armitage • Southern Boundary: Division 		
	Root Cause Analysis	<p>The persistent gang rivalries in the 025th district are thought to be the primary factor contributing to the incidents of shootings and homicides. In 2024 the 25th District has 19 ongoing gang conflicts. Eight of which are located in the 30sector (Austin to Central Park, Division to Bloomingdale) 42% of gang conflicts reside in the south end of the 25th District.</p>

CHICAGO POLICE DEPARTMENT

Response	Response Strategy <i>Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.</i>	<i>Non-enforcement response (required):</i> Our goal is to increase the community's response to shootings in their neighborhoods by building a strong working relationship between officers and the community they serve through pre planned community engagements that would lead to community members calling in potential loud reports of gun fire and speaking with officers on scene of a shootings. Create and organize more block clubs to encourage information gathering among residents. Organize faith-based communities in specified areas most effected by gun violence. Utilize beat meetings and Meet the Block to disseminate information and possibly gather intelligence that may assist detectives <i>Enforcement response (if applicable):</i> Our response to enforcement is to utilize the district tact teams, District Coordination Officers, and our Community Policing Officers to work together to create missions and community engagements to help serve the neighborhoods affected by ongoing gun violence. Conduct outdoor roll call with community partners and work together with district personnel to maintain high police visibility.		
	Root Cause Mitigation <i>Explain how the Response Strategy directly addresses the root cause that was analyzed above.</i>	The above response will help deter gang members and gun violence. Increased police presence is identified in gang conflict areas to decrease gatherings of gang members and assist in deterring violent crime in the listed areas. By organizing planned events for the community and providing residents with the opportunity to connect with officers will help build strong relationships. This in turn will create trust between the community and the officers and improve communications between them.		
	District Personnel Resources <i>Clearly identify what role each team will play in executing the above Response Strategy. Fill out only those that apply.</i>	Team (select only those that apply)	Specific Response Strategy Activities (only for those selected)	# of Personnel Involved in Response Strategy
		<input checked="" type="checkbox"/> Watch Personnel	Watch officers will conduct post shooting missions as well as maintain high vigilance for any persons that may be persons of interest in any open gun violence incidents.	Lieutenants: 1 Sergeants: 2 Police Officers: 30 (10-4 units)
<input checked="" type="checkbox"/> District Coordination Office		District Coordination Officers (DCOs) will conduct follow-ups on all shootings within the district to gather intelligence, identify witnesses, and engage the community. These follow-ups, along with the Violent Incident Follow-Up Report, will relay information from the public—who may feel more comfortable sharing details with familiar DCOs rather than detectives—to the Detective Division. This proactive approach aims to assist in solving investigations and reduce calls for service in affected areas by addressing underlying issues and fostering stronger community relationships. DCOs will intensify efforts to combat gun violence through close collaboration with detectives, tactical teams, district beat officers, community partners, and local government offices, including the area's Aldermanic offices. Strategic measures will include video sourcing, flyer distribution, and targeted infrastructure improvements in high-crime areas. Additionally, DCOs will notify and coordinate with outreach agencies such as the Institute for Non-Violence Chicago, BUILD, and Rincon Family Services to provide comprehensive support for affected individuals and prevent retaliation.	Lieutenants: Sergeants: 2 Police Officers: 10	
	<input checked="" type="checkbox"/> Community Policing	Community Policing will provide flyers to the residents with current crime patterns and community alerts. Officers will use social media, Meet the Block, beat meeting and other pre planned events to educate residents on crime prevention tips. Community policing officers will conduct foot/bicycle patrol in troubled areas, as well as work with faith-based organizations to hold walks.	Lieutenants: Sergeants: 1 Police Officers: 8

	<i>Check all that apply</i>	<input checked="" type="checkbox"/> Crime Data	<input checked="" type="checkbox"/> Community Interactions	<input checked="" type="checkbox"/> Beat Meetings	<input type="checkbox"/> Other: _____
	Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	<p>Many complaints received during community conversations and beat meetings are directly associated with burglaries both residential and commercial. The majority of burglaries are happening to small businesses within the 025th District. Beginning 01 January 2024 to 01 December 2024 there have been 311 Burglaries district wide. Although statistically the 025th District has seen a decrease when compared to its previous year (-35% decrease year to date) it remains a high priority of the residents and small business owners as it affects their livelihood and wellbeing which is why burglaries has been identified as a priority within the 025th District.</p> <p>Residential Burglaries account for 180 out of 311 this is 57.8% of all Burglaries Commercial Burglaries account for 131 out of 311 this is 42.2% of all Burglaries</p>			
Analysis	Problem Analysis <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	<p>4. <i>Who is / are the victim(s)?</i></p> <p>Residents and community members of the 025th District along with businesses</p>			
		<p>5. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i></p> <p>Numerous businesses and families have been impacted by burglaries, particularly residential burglaries. Residential break-ins predominantly take place during second watch (0500-1300 hours), with forcible entry accounting for 57.8% of access to homes and commercial establishments. There is no definitive pattern, as these incidents frequently arise as crimes of opportunity.</p> <p>Out of the 317 burglaries reported in the 25th District from January 1, 2024, to December 11, 2024, 120 were classified as commercial burglaries. This indicates that commercial burglaries accounted for 38% of the total incidents.</p>

CHICAGO POLICE DEPARTMENT

Response	Response Strategy Describe the overall approach that will be taken to solve the problem, based on the Analysis completed above. Non-enforcement strategies must be included.	Non-enforcement response (required): Our goal is to partner with faith-based groups and other community members to offer possible employment opportunities and mentoring programs. Also help educate residents and business owners on how to take safety measures and precautions that will assist in protecting themselves and their property. Through ensuring that property is left secured and investing in a security system the probability of an occurrence of a commercial or residential burglary can significantly lower. Educating residents and business owners on safeguarding personal information can also lower burglary risks. Officers will distribute flyers that provide tips and ideas on how to keep their property safe and secure.		
		Enforcement response (if applicable): We will enhance police visibility in areas experiencing elevated burglary rates by deploying District Tact Teams, District Coordination Officers, and Community Policing Officers. These units will work together to develop initiatives aimed at deterring such criminal activities.		
		In 2024, the 25th District experienced an increase in burglaries during third watch hours, specifically between 1700 and 2100 hours. Our objective is to implement additional operations targeting areas where the majority of these burglaries have occurred.		
	Root Cause Mitigation Explain how the Response Strategy directly addresses the root cause that was analyzed above.	It is our goal that by increasing police presence and educating residents and business owners on safety measures as well as security measures these crimes will decrease. By helping business owners and residents develop and implement a safety plan these crimes have shown to decrease by as much as fifty percent. Through offering employment and mentoring opportunities it is our goal to decrease burglaries within the 025 th District.

Special attention will be given to those areas identified as high targets.	Lieutenants: 1 Sergeants: 2 Police Officers: 30 (10-4 units)	
	<input checked="" type="checkbox"/> District Coordination Office	District Coordination Officers will proactively address burglaries by conducting follow-ups on incidents and gathering intelligence from the community, especially from residents who feel more comfortable sharing information with familiar officers. DCOs will collaborate with detectives, tactical teams, and local businesses to identify burglary hotspots, track trends, and monitor surveillance footage. They will also conduct security assessments, offering crime prevention tips, and educate residents on techniques like improving lighting, locks, and alarms. In addition, DCOs will engage in community education through information distribution and working with city services to improve environmental factors, such as ensuring adequate lighting and maintaining trees or shrubbery that may provide cover for criminal activity. DCOs will increase patrols in high-crime areas, encourage participation in neighborhood watch programs, and collaborate with local Aldermanic offices and outreach agencies to support victims and enhance overall crime prevention efforts. 		Social Media	025 th District will utilize social media platforms to make residents aware of the crime patterns, time, locations, offenders' descriptions and tips on what to do in case they witness or become a victim of robbery.			
	<p>Community Ownership Explain how the Response Strategy and activities listed above will establish and empower the community to take on a leadership role in solving the problem.</p>	<p>It is our goal that by offering employment opportunities for residents they will take pride in their community. This will result in them becoming a positive active contributor in creating a safe and thriving environment.</p> <p>Through educating residents they will feel better equipped in taking safety measures and will take ownership of the steps they may take in order to help prevent robberies.</p>				
Assessment Plan	<p>Metrics Select the Focus Metric that will be used as the primary measure to evaluate progress for this problem. Then, list any other quantitative and qualitative outcomes that you will use to track progress.</p>	<p>Focus Metric (refer to the District Guidance Document for a list of aligned metrics):</p> <p>Reduction in calls for robberies.</p> <p>Additional Metrics:</p> <p>Data to show a decrease in robberies. Calls for service for robberies are currently 405 from 01 Jan 2024 to 12 Dec 2024. Of those calls for service 303 were calls for robberies that just occurred. 51 were robberies that are in progress.</p>

		<p>How frequently will District personnel follow-up to ensure the Response Strategy is having the desired impact?</p> <p>We will follow-up Quarterly through beat meetings and gather information from beat facilitators as well as block club members to help identify targeted areas and provide further services such as ensuring vacant lots and buildings are being well maintained.</p>				
	<p>Mitigation Criteria Explain how you will specifically know when the problem can be considered "addressed". Consider both quantitative and qualitative approaches.</p>	<p>This information will be collected through data such as the volume of calls of services and through input from community members during beat meetings. Officers will develop a working relationship with the community they serve and maintain an open line of communication where information may be gathered and shared in order to find resolution for community members.</p>
