

Community-Driven Approaches to Crime Reduction - District Strategic Plan
CHICAGO POLICE DEPARTMENT

District: 007

Year: 2026

SECTION 1 – PROBLEM SOLVING PRIORITIES

Determine and define three problem solving priorities for your District for the coming year, as identified by the community. Provide responses below to delineate how the District will apply the SARA model of problem solving to each priority. **Please ensure responses are specific and detailed.**

PROBLEM SOLVING PRIORITY #1				
Scanning	Priority Title	Firearm Related Incidents		
	Priority Type	<input type="checkbox"/> Violent Crime	<input type="checkbox"/> Property Crime	<input checked="" type="checkbox"/> Quality of Life
	Source <i>Check all that apply</i>	<input checked="" type="checkbox"/> Calls for Service	<input checked="" type="checkbox"/> Community Conversations	<input type="checkbox"/> DAC Meetings
		<input checked="" type="checkbox"/> Crime Data	<input type="checkbox"/> Community Interactions	<input type="checkbox"/> Resident Survey Data
	Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	Shooting incidents remain at problem solving priority #1. To date the 007 th District shows a 39.2 % decrease in shooting incidents comparing 2024 to 2025 but continues to be identified as a primary concern during Community Conversation for the 2026 planning year.		
Analysis	Problem Analysis <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	1. <i>Who is / are the victim(s)?</i>		
		The majority of the victims affected by shootings, including homicides involving firearms are adult males in their 20s, followed by males in their 30s. Other group demographics included female victims.		
		2. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i>		
		Most incidents occur on the street and sidewalks, primarily during 3 rd and 1 st Watch. Currently the highest number of incidents occur on Beats 712,713, and 722.		
	<i>Typical Time of Day (select all that apply):</i>	<input type="checkbox"/> 1 st Watch	<input type="checkbox"/> 2 nd Watch	<input checked="" type="checkbox"/> 3 rd Watch
	3. <i>What is the location of this problematic activity? Use street names to delineate the boundaries below:</i>	<ul style="list-style-type: none"> • Beat 712: 5500-6300 Halsted to Racine • Beat 713: 5500-6300 Racine to Ashland • Beat 722: 6300-6900 Lafayette to Wallace 		
	Root Cause Analysis <i>Identify potential root causes of the problem that, if mitigated, would prevent the problem from re-occurring. Be as specific as possible.</i>	Potential root causes are primarily believed to be domestic and interpersonal conflicts. These stressors can create volatile environments where disputes escalate. Third party mitigation efforts have the potential to significantly lower the rate of shooting incidents. Furthermore, improving the collection and accessibility of offender related information can enhance the effectiveness of these interventions.		
Response	Response Strategy <i>Describe the overall approach that will be</i>	<i>Non-enforcement response (required):</i> <ol style="list-style-type: none"> i. Community Meetings ii. Relationship building with viable partners

Relationships with viable partners such as organizations and community members provide a layer of support to address socio-economic factors not suited for the department to address. Additionally, "violence interrupter" community partners can serve as a third mediator in some conflicts. Distribution of information include benefits such as incentivizing reporting which is expected to lead to more arrest and convictions.

	Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	Public concern has increased greatly with particular concern regarding vehicular hijacking as reported during Community Conversation for 2025 strategic planning. To date according to Caboodle, total robberies for the district are 298. Overall robberies have decreased 32.7% from previous year for the same timeframe.			
Analysis	Problem Analysis <i>Explain the problem by describing each of the listed elements. Be as specific as possible.</i>	4. <i>Who is / are the victim(s)?</i>			
		The victims vary in age. Male and female victims are fairly evenly distributed. Businesses also account for a smaller percentage of robbery victims.			
		5. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i>			
		Approaching victims from behind or quickly closing distance. Targeting individuals distracted by phones or walking alone, and/or taking advantage of low visibility or isolated areas. Common methods/actions used by robbery offenders may include: use of threats or intimidation, display or implication of a weapon, physical force, surprise or ambush approach. Offenders may flee on foot using pre-identified escape routes, or running to a waiting vehicle.			
	<i>Typical Time of Day (select all that apply):</i>	<input type="checkbox"/> 1 st Watch	<input type="checkbox"/> 2 nd Watch	<input checked="" type="checkbox"/> 3 rd Watch

Rationale <i>Explain why this is a top priority for your district. Provide specific numbers for calls for service and/or crime data to support your explanation. Be as specific as possible.</i>	Based on the concerns shared by community members during the beat meetings, and Community Conversation discussion for the 2026 District Strategic Plan, Motor Vehicle Thefts were prioritized to support proactive enforcement, prevention education, and partnership driven solutions aimed at reducing incidents and repeat victimization.				
Analysis	7. <i>Who is / are the victim(s)?</i> The victims vary in age and gender, male and female victims are fairly evenly distributed				
	8. <i>Describe the methods / actions used by the offender (do not include demographic information). Include any identified patterns such as motives, types of weapons used to commit the crime, how they attempt to flee the scene of the crime, etc.</i>				
	Common methods/actions used by offenders include: opportunity driven theft, forced entry and ignition bypass, key or fob exploitation, and carjacking. Identifying patterns/motives include: transportation for other crimes, financial gain, joy riding, or retaliation for personal disputes. Many motor vehicle thefts involve no weapon but when weapons are present they may include handguns or blunt objects. Weapons are most often used for intimidation not discharge.				
	Offenders typically drive the stolen vehicle immediately away from the scene. Some offenders flee on foot if interrupted during the theft.
