Room 500, City Hall
Chicago, Illinois 60602

Dear Mayor Washington:

TYPES OF DATA PRESENTED

The tabulations and graphs which follow give data on crimes reported, on arrests and other results of police performances.

The basis of reporting the data is identified as either the 12-month calendar year or the 13-period, Chicago Police Year—each Period contains 28 days.

12—MONTH YEAR (1 January through 31 December 1983)

The 12-Month calendar year (365 days) is used where the date relates to the FBI, City of Chicago and certain other reports.

13—PERIOD YEAR (6 January 1983 through 4 January 1984)

The 13-period year is used so that valid comparisons can be made according to workload.

Each of the 13-periods has 28 days, and each of the four weeks in a period begins on the same day of the week. As a result each week and period, with the same number days, has the same number of Fridays, Saturdays, and Sundays when peak workloads occur.
