

CHICAGO POLICE DEPARTMENT

2007 ANNUAL REPORT

A YEAR IN REVIEW

City of Chicago
Richard M. Daley
Mayor

Chicago Police Department
Jody P. Weis
Superintendent of Police

MISSION STATEMENT

The Chicago Police Department, as part of and empowered by the community, is committed to protect the lives, property, and rights of all people, to maintain order, and to enforce the law impartially. We will provide quality police service in partnership with other members of the community. To fulfill our mission, we will strive to attain the highest degree of ethical behavior and professional conduct at all times.

PLEDGE AGAINST RACIAL PROFILING

As members of the Chicago Police Department, we reject racial profiling as a law enforcement tactic. We do not encourage, tolerate, or condone the use of racial profiling. We are committed to the use of sound police strategies based upon reasonable suspicion, probable cause, the judicious use of police discretion, and the continued development of community relationships.

MESSAGE FROM THE SUPERINTENDENT

As the Chicago Police Department moves forward with new leadership, allow me to take this opportunity to thank both the leaders who have served before me as well as all of the men and women of the Chicago Police Department, both sworn and civilian, for their dedicated service and commitment in making our city a safer place to be.

The Department's shared accomplishments would not be possible without the daily perseverance and willingness of courageous police officers who serve and protect our communities every day.

Together, we have made significant progress in the fight against gangs, guns, and drugs and we have set even higher crime fighting goals to prevent and fight crime in those neighborhoods that continue to be plagued by violence.

By expanding our use of technology, cameras, and intelligence-based policing, the Department will be better equipped to prevent and fight crime at the local and international levels. Targeted strategies, better equipment, and improved training for our police officers will require unwavering attention to the day-to-day operation of policing. It will also require a committed and dedicated command staff to lead.

Under my leadership, five deputy superintendents and 21 district commanders have been newly appointed, each having more than 20 years on the job. These men and women represent a diverse, experienced pool of leaders and role models, and I am confident that they will continue to lead by example in carrying out the Department's mission.

Equally important to fighting crime is strengthening our relationships with all communities across the City. We have an obligation to ensure that the Department is balancing the need to make Chicago's neighborhoods safer while restoring public trust true to the ethics of police service.

A new Bureau of Professional Standards was created to ensure that the principles of integrity, professional conduct, and training are embraced on a daily basis. The Bureau has established a new set of core values that will guide the men and women of the Chicago Police Department. Professionalism, Obligation, Leadership, Integrity, Courage, and Excellence are all tenets that define the Department's commitment to public service.

Through both uncompromising personal and professional integrity, I have no doubt that the courageous men and women of the Chicago Police Department will continue to make it their top priority to provide the highest quality of law enforcement service to the people of Chicago.

For me, personally, I am honored to lead this Department as its 54th Superintendent of Police. I am dedicated to working to serve the men and women of this Department, as well as our City. I look forward to honoring this commitment to service through respecting the dignity of those we have pledged to serve and by being fair to those we lead.

A handwritten signature in black ink, reading "J. Weis". The signature is fluid and cursive, with a long horizontal stroke at the end.

Jody P. Weis
Superintendent of Police
Chicago Police Department

CORE VALUES

“Professionalism, Obligation, Leadership, Integrity, Courage, and Excellence are all tenets that define the Department’s commitment to public service.”

P

PROFESSIONALISM

Our on and off duty conduct reflects both the highest standards of police service and personal responsibility.

O

OBLIGATION

We serve all citizens equally with fairness, dignity, and respect.

L

LEADERSHIP

Our leadership examples inspire respect for ourselves and admiration for our Department.

I

INTEGRITY

We are committed to the highest standards of honesty and ethical conduct.

C

COURAGE

We uphold and follow the law in the face of fear, danger and temptation.

E

EXCELLENCE

We proudly wear the Chicago Police Department Star with excellence as our standard.

IN THE SPOTLIGHT

The Department's solid, long-lasting partnership with the community affords an opportunity for its officers, who professionally do their job every day with little fanfare, to make a positive difference in the communities they so honorably serve.

*"It's nice to have the police, business owners,
and the residents working together."*

~ Rita Code, 19th District Business Owner

Chicago Police Alert Senior Citizens of Imposter Scams

On January 31, 2007, the Chicago Police Department arrested and charged two individuals for impersonating police officers while committing robberies. These arrests came in the wake of several incidents where senior citizens were victimized in their homes by men claiming to be Chicago Police Department detectives, city employees, or other service workers. These men would use a variety of impersonations to gain entry into the residences of senior citizens and commit thefts or con the resident with deception. In response, the Chicago Police Department issued a Community Alert recommending that all citizens take precautions before allowing unknown persons entry into their home.

DID YOU KNOW?

Protect yourself by taking these precautions before allowing someone entry into your home:

- Ask to see photo identification before opening the door.
- Call 911 or the service provider to verify the worker's identity.
- If you did not call for service, ask for ID.
- If they insist on entering your home, call 911.

Motion Picture Association of America Salutes Chicago Police

The Chicago Police Department seized over 1,000 pirated movies, some of which were still showing in theatres, during the execution of a search warrant on January 25, 2007. The offender was arrested and charged after officers recovered the pirated movies from his home, in addition to compact discs, flyers advertising the sale of the movies, and other video equipment used to pirate movies. The unlawful use of identified sounds is taken seriously by the movie industry, and violators can face from one to five years in prison. *"Movie pirates aren't just stealing from Hollywood, they're stealing from everyone involved in making, marketing, and distributing movies. The MPAA applauds the Chicago Police Department for pursuing these crimes with the diligence and energy they deserve,"* said Mike Robinson, Vice President and Director of U.S. Anti-Piracy Operations for the Motion Picture Association of America.

Narcotics and Gang Investigations Officers Seize More Than \$4.6 Million in Marijuana

Chicago police officers assigned to the Narcotics and Gang Investigations Section (NAGIS) recovered 1,700 pounds of marijuana with an estimated street value of \$4,626,644 in Westmont, IL. NAGIS officers received information that on February 21, 2007, a large shipment of cannabis would be transferred from Westmont, Illinois, to the City of Chicago using a large commercial van. The NAGIS officers led the investigation and conducted the surveillance of the vehicle, which ultimately revealed a subject loading 5 large boxes containing 400 pounds of marijuana into the van. The suspect was detained, and the NAGIS officers obtained a search warrant for the location of the business. NAGIS officers, while executing the search warrant, recovered additional contraband from the business. With the cooperation of the Westmont Police Department, the suspect was arrested and charged with possession of cannabis.

Chicago Police Department Introduces CLEARmap, A New Crime Search Tool

The Chicago Police Department announced a new web application, CLEARmap, available to the public beginning on February 23, 2007. The Department developed this web application to provide residents of the City of Chicago with a tool to assist them in problem-solving and combating crime and disorder in their neighborhoods. The CLEARmap web application allows the public to search the Chicago Police Department's database of reported crime and displays search results in maps, graphs, and tables. The database contains 90 days of information which can be accessed in blocks of up to 14 days. Data is refreshed daily. CLEARmap provides all of the capabilities of its predecessor, Citizen ICAM, plus many more features, including the integration of Crime Stoppers alerts and the ability to search by more geographies: address, beat, school, park, ward, and community area. Police Observation Devices (POD, blue-light cameras) are now shown on maps as well.

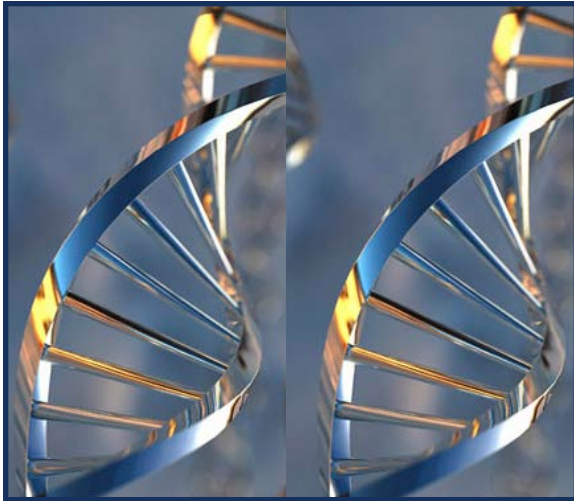

Career Burglar Charged With Pattern of Burglaries

On March 2, 2007, a suspect was arrested for misdemeanor criminal trespass to property at a construction site. The arresting officers contacted the Detective Division after they discovered the suspect matched the description of a serial burglary offender posted in a business alert bulletin. Area detectives investigating the burglaries requested the assistance of the Latent Print Unit in an attempt to link the suspect to the burglary pattern, including a burglary in which a palm impression was recovered from a desktop where over \$15,000 in electronic equipment was taken. The latent palm print was evaluated, compared to an ink palm card of the suspect, and a positive identification was made of the suspect. Additional felony burglary charges were approved based on the latent palm print and fingerprint identifications. Due to the dedication and perseverance of the arresting officers, detectives, and the latent print examiners, a career burglar on parole, with seven burglary convictions, was taken off the streets, indicted, and is awaiting trial.

Summit Provides Venue for Information Sharing

The Chicago Police Department enhanced the knowledge base of its members and shared information about combating theft-related crime at the Robbery, Burglary, and Theft Summit, hosted for Department members on March 29, 2007. The purpose of the Summit was to share information, strategies, best practices, and success stories with personnel from the Bureau of Patrol and the Detective Division pertaining to ways in which patrol officers and detectives can successfully work together to identify and charge robbery, burglary, and theft offenders. Participants learned about various tactics that highlighted the importance of communication, coordination, and cooperation when developing strategies to effectively reduce robbery, burglary, and theft crimes. The Summit also identified strategies to assist in building partnerships within the Department and with the community, the utilization of video enhancement for the distribution of Community Alerts, and the implementation of joint initiatives.

Resourceful Detective Work Results in Charges Against Man for 2005 Double Homicide

On April 13, 2007, a Chicago man was charged with two murders that occurred during a 2005 robbery of a south side store after resourceful detective work, DNA evidence, and a positive identification by a witness linked the suspect to the crime scene. While investigating the scene, detectives found the offender had played the Illinois State Lottery Pick Four game. The tickets with the two numbers he played were still in the machine. Detectives decided to use the two numbers in a database search of robbery offenders' addresses, and learned the offender had at one time lived at an address that included one of the numbers. That led to his identification as a potential suspect. A witness later identified him in a photo line-up as a person seen entering the store prior to the robbery. His DNA was found to be on file and matched DNA collected from under the fingernails of one of the victims. After the DNA confirmation, the Cook County State's Attorney's Office approved two murder charges against the offender.

Chicago Police Department's Crime Prevention Information Center (CPIC) Becomes Operational

In April 2007, the Department's Crime Prevention and Information Center (CPIC) became operational. The unique feature of the CPIC is that it addresses both crime prevention and homeland security issues. The CPIC's primary functions are violent crime reduction and terrorist threat assessment using real-time violent crime detection, monitoring, and response; continual assessment of available resources; universal field support through enhanced data search capabilities; instantaneous major incident notification; and identification of possible retaliatory violence. The CPIC also has the ability to access and view images and information from the PODs, street corner blue-light cameras, to provide real-time information in response to an emergency call for service. During a recent visit, U.S. Homeland Security Secretary Michael Chertoff stated, *"I think the use of cameras here and other technologies is a model for the country. Chicago's technologically savvy police department and its use of street-corner blue-lighted cameras are a blueprint for strong homeland security."* The CPIC can also serve as an Incident Management Center during major noncriminal events or natural disasters.

Two Weekend Events Remember and Honor Fallen Police Officers

On Saturday, May 5, 2007, Chicago Police, members of the Gold Star Families, and residents of the City of Chicago participated in the 3rd Annual Run to Remember. The Run to Remember is a 5k USATF certified chip-timed run/5k noncompetitive walk and junior jog along Chicago's lakefront. The proceeds from this event benefit the Chicago Police Memorial Foundation.

On Sunday, May 6, 2007, Chicago Police and members of the Gold Star Families celebrated the 75th Anniversary of the St. Jude Memorial March. The Annual St. Jude Memorial March is dedicated to the officers who sacrificed their lives to protect the people and the City of Chicago. At the conclusion of the march, there was an inter-faith service presented by the Chicago Police Department's Chaplain Unit.

Operation "Snapshot" Nabs Child Pornography Offenders

The Special Investigations Unit of the Chicago Police Department, working as members of the Internet Crimes Against Children Task Force, conducted an undercover operation focusing on the possession and dissemination of child pornography. On May 18, 2007, the Chicago Police Department announced that Operation "Snapshot" resulted in the arrest of four offenders for felony possession of child pornographic images. Operation "Snapshot" began when a computer repair shop found questionable images on the hard drive of a laptop which had been brought in for repairs. As mandated by law, the repair shop contacted the Chicago Police Department. The investigating members of the Department obtained and executed a search warrant on the laptop and found 18 movie files containing child pornography. Through file sharing technology, the Special Investigations Unit located other child porn sites and individuals who either possessed or were attempting to obtain child pornography.

Haymarket Memorial Statue Rededicated

Chicago Police Department members, their extended families, and community residents gathered at police headquarters for the unveiling of the refurbished Haymarket Memorial Statue on June 1, 2007. The statue, proudly placed atop a newly commissioned pedestal, was rededicated and now prominently stands on the west side of the Chicago Police Headquarters. On the fateful day of May 4, 1886, Chicago police officers were dispatched to disperse a large crowd that gathered during a labor protest rally at the Haymarket Square. During the confrontation, eight officers were fatally wounded and scores of others were injured, making that day the most devastating day in the history of the Department. The Haymarket Memorial Statue honors the Chicago Police Department members who lost their lives or were seriously injured 121 years ago.

Helicopters Assist in Locating Hidden Cache of Stolen Trucks, Cargo, and Construction Equipment

The Chicago Police Department helicopter led a joint investigation by Illinois and Indiana law enforcement groups that located and recovered \$892,000 in stolen trucks, cargo, and construction equipment from East Chicago, Indiana. On June 14, 2007, the Department helicopter received a Lojack alert signal from a stolen vehicle while returning from a fueling stop at the Gary/Chicago Airport. The crew immediately notified the Cook County Sheriff's dispatch center of the location of the signal and asked that the information be relayed to the appropriate jurisdiction. Approximately 12 hours later, investigators had located the stolen vehicle as well as a number of stolen trucks, cargo, and construction equipment, much of which was taken from citizens living in Chicago's southeast side. The stolen items were recovered and most were returned to their rightful owners.

“No Questions Asked” as 6,003 Guns Were Removed From the Streets of Chicago

On July 21, 2007, the Chicago Police Department hosted its most successful Gun Turn-In Operation. The purpose of the Gun Turn-In Operation is to provide a “no questions asked” community and police partnership designed to take guns off the streets of Chicago. During the Gun Turn-In Operation, anyone can exchange a firearm for a prepaid MasterCard gift card at various locations throughout Chicago. A total of 6,003 guns were turned in.

Fire Leads to Major Marijuana Seizure by 17th District Officers

On July 21, 2007, a fire erupted at a lockup storage facility located on the north side of Chicago. During fire suppression efforts, the Chicago Fire Department had to force open several storage lockers to trace the course of the fire. Upon opening one locker, multiple boxes of marijuana were found stored inside. Over 200 pounds of marijuana, with a street value of \$1.4 million, was recovered and secured. 17th District officers led the investigation, and with the assistance of the Narcotics and Gang Investigations Section and the Asset Forfeiture Unit, they discovered the identity and local address of the person renting the storage unit. Over the course of the following week, officers conducted 24-hour surveillance on the offender’s residence and the lockup storage facility. Six days after the fire, the offender was arrested and charged with felonious trafficking of cannabis.

Operation "Double Wrap" Cleans Up East Garfield Community

On August 1, 2007, the Department announced seventeen individuals were charged following a seven-month investigation that focused on narcotics activity, violence, and gang-related street wars between two rival gangs on the city's west side. Operation "Double Wrap" was launched by the Narcotics and Gang Investigations Section (NAGIS) as a result of multiple complaints from community residents and CAPS (Chicago Alternative Policing Strategy) service requests. The operation entailed 25 separate undercover controlled narcotics purchases of heroin. During the course of the operation, officers recovered approximately 209 grams of heroin with an estimated street value of \$32,000, two hand guns, and \$4,837 in currency. Operation "Double Wrap" marked the 21st open-air drug market that had been shut down in 2007.

Community and Police Come Together to Raise Awareness During National Night Out

On August 7, 2007, communities across Chicago came together with police officers of all ranks to participate in National Night Out. National Night Out is a crime-prevention strategy in which citizens, businesses, community leaders, and police come together and show support for local anti-crime measures. The purpose of the program is to heighten crime and drug-prevention awareness, generate support for local anti-crime programs, strengthen neighborhood police-community partnerships, and send a message to criminals letting them know that neighborhoods are organized and fighting back. Police district personnel citywide pulled together programs and activities throughout the day that appealed to people of all ages. The activities included petting zoos, crafts, dancing, health screenings, cookouts, and anti-violence marches. Chicago's National Night Out brought families out of their homes into their parks and on to their streets. Over 34 million people participated in the U.S. and Canada.

80 Families Take Part in Child Safety Seat Inspection in the 15th District

On September 22, 2007, the Chicago Police Department worked with 80 families to teach proper installation and use of child safety seats. This child safety seat inspection program, sponsored by Allstate Insurance Company, was held to encourage the proper use of child safety seats. The safety seat program was designed to emphasize the importance of inspecting car seats, teach parents and caregivers proper installation techniques and, most of all, educating the parents and caregivers about the common mistakes of installing and using car seats.

DID YOU KNOW?

- The parent or legal guardian of a child under the age of 8 years old shall provide a child restraint system to any person who transports his or her child.
- A baby in a rear-facing child safety seat should never be placed in the front seat of a vehicle that has a passenger-side air bag.

New Program Partners Community Volunteers with First Responders

The Chicago Police Department has long recognized the fact that when it comes to fighting crime and handling a community crisis, community members are a key partner and asset. Recent national disasters across the nation, such as Hurricane Katrina, only further illustrate the need for strong partnerships between community members and emergency personnel during a crisis. With this in mind, the Chicago Police Department and the Office of Emergency Management and Communications implemented a pilot program in September 2007 that trains civilians to work alongside emergency personnel during critical events. Community Emergency Response Teams (CERT) are comprised of volunteer civilians who are trained for three hours a week for seven weeks to provide assistance to first responders or take action immediately before first responders arrive. Each CERT volunteer receives a safety pack with protective equipment. Although this is a pilot program, initial results are promising and plans are underway to train CERT volunteers in each police district.

Animal Crimes Unit Honored at National Awards Ceremony

The Chicago Police Department's Animal Crimes Unit was honored on October 13, 2007, by The Humane Society of the United States and the National District Attorney's Association at a national awards ceremony. The Department was honored for recognizing and responding to the rise in illegal dogfighting in Chicago. Identifying a need to prevent and combat dogfighting, as well as realizing the strong link between crimes against people and crimes against animals, the Chicago Police Department created a unit that specifically focuses on these types of crimes. Prior to the unit's creation, only one officer was assigned to handle animal crimes. Now the Animal Crimes Unit has nearly 10 specially-trained officers, and in 2007 alone made more than 40 arrests related to dogfighting operations and animal abuse. In addition, in 2007, the unit rescued and recovered more than 120 dogs that were allegedly abused.

200,000 Chicago School Students at 400 Schools Take Pledge Against Gun Violence

On October 24, 2007, the Chicago Police Department, in partnership with over 400 local schools, educated youth about gun violence through the Student Pledge Against Gun Violence Program. The program provided school-aged children attending school in Chicago with the opportunity to bring the issues of youth and gun violence to the forefront, fostering awareness, discussion, and proactive measures to prevent future violence. More than 200,000 Chicago students accepted and signed the Student Pledge Against Gun Violence, which states that students would never use a gun to end disputes. This pledge is prominently displayed at the participating schools as a constant reminder of the student's commitment as well as informing others of the ramifications of gun violence.

Organized Crime Division Hosts Asset Forfeiture Summit

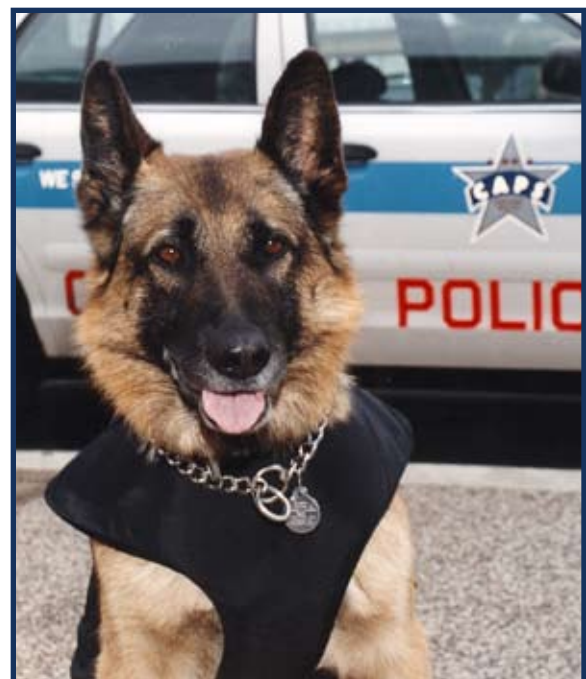

In a continuing effort to forge partnerships to combat crime, the Organized Crime Division of the Chicago Police Department hosted a summit on November 30, 2007, entitled "Asset Forfeiture Methods: Follow the Money Trail and Impact Crime." Representative from the Cook County State's Attorney's Office, Federal Bureau of Investigation, Internal Revenue Service, and various Chicago Police Department units participated in this information exchange. Participants were presented with best practices that are utilized in undermining gang activity and narcotics operations, including seizing the assets of criminals. Special topics that were addressed included mortgage fraud, search warrant considerations, and building and strengthening cases against money launders.

MORTGAGE FRAUD

There is an increasing trend in which profits derived from criminal activity are used to commit mortgage fraud by the use of fraudulent mortgage applications or the use of identity theft to obtain mortgages. Those profits are then used to buy additional properties that are also obtained via mortgage fraud.

Boys Raise Funds and Donate Proceeds to Buy Canine Vests

On November 8, 2007, the Chicago Police Department recognized the efforts of two young boys for their unselfish acts in raising money to enhance the safety of Chicago Police Department canines. The two boys, ages 5 and 6, and their mother were honored at the Department's Monthly Awards Ceremony for their charitable efforts and unique ability to raise funds. During the summer of 2007, the boys sponsored a garage sale with the help of their mother, and were able to successfully raise money to donate to a worthy cause. Their decision to use the money they raised to buy a vest for a Chicago Police Department canine was based on their concern for safety of police officers and the canines, who also serve and protect. The money raised by the boys was presented to the Illinois Vest a Dog Program which provides the \$800 specialty vests to all Chicago Police Department canines.

Juvenile Intervention and Support Center Celebrates One Year of Service

The Chicago Police Department, the Chicago Department of Children and Youth Services, and other government and community-based agencies celebrated the Juvenile Intervention and Support Centers (JISC) first year of full service. One of the purposes of the JISC is to divert juveniles from juvenile court and to link at-risk juveniles to community-based resources to prevent these juveniles from further involvement in the juvenile justice system. The JISC catchment area includes the 2nd, 7th, 8th, 9th, 10th, and 21st police districts. When a juvenile is arrested in those districts, he or she is brought to the JISC building at 39th and California where the juvenile is processed and assessed. If deemed appropriate juveniles may be referred to the JISC case management system in lieu of court. Juveniles referred to case management may be offered individual or group counseling for issues such as anger management and positive community-based activities. Police and social workers staff the JISC 24 hours a day, seven days a week.

Santa and Mrs. Claus Made Special Deliveries to 13 Families

On December 24, 2007, members of the Chicago Police Memorial Foundation, along with Santa and Mrs. Claus, were escorted by a marked Chicago Police Department squad car to ensure the security of some special deliveries. On this night, the unique caravan visited 13 families to drop off gifts to the children of officers who were catastrophically injured or killed in the line of duty. The Chicago Police Memorial Foundation is a not-for-profit organization dedicated to honoring the lives and memories of our fallen heroes and providing support and assistance to the families of Chicago Police Department officers who were killed or catastrophically injured in the line of duty. Generous donations of time and money by numerous volunteers, families, and corporations provided gifts for these children and helped bring joy and offer support to families in need during the holiday season.

CRIME

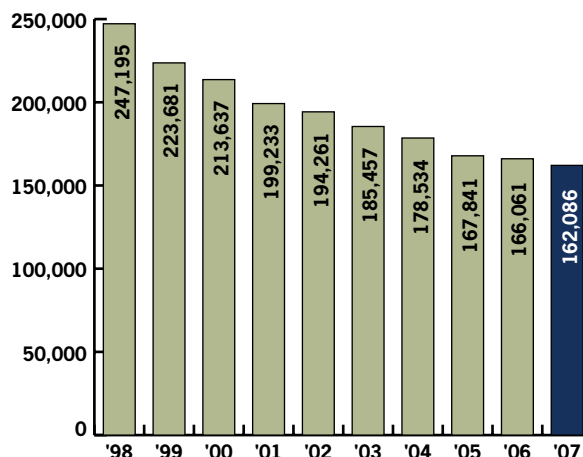

Between 2006 and 2007, overall crime in the City of Chicago decreased by 2.4 percent, with a decrease in violent crime of 1.2 percent and a decrease in property crime of 2.7 percent. In addition, the Chicago Police Department removed 13,658 firearms from the streets of Chicago in 2007.

“Close-to-home investments, law enforcement, and community involvement made the big difference in the city’s crime drop.”

~ Dr. Wesley G. Skogan, Professor of Political Science,
Northwestern University

Reported index crime declined consistently in the ten years from 1998 through 2007. The overall decline was 34.4 percent, or 4.6 percent on a compound annual basis. Between 2006 and 2007 the decrease was 2.4 percent.

Exhibit 1.
Total Index Crimes, 1998 - 2007

About Index Crime

Since 1930, the FBI has collected and compiled data to use in understanding and improving law enforcement administration, operation, management, and to indicate fluctuations in the level of crime in America. Index crimes are the combination of eight categories of crime, selected because of their seriousness and frequency of occurrence. The index offenses are listed in the box below.

Violent Crime:

Murder - The willful killing of a person or death through the criminal act of another.

Criminal Sexual Assault - Broader than the traditional definition of "rape" (the carnal knowledge of a female, forcibly and against her will), this category includes any sexual assault - completed or attempted, aggravated, or non-aggravated - committed against any victim, female or male.

Robbery - The taking of or attempting to take anything of value from the care or custody of a person by force or threat of force.

Aggravated Assault/Battery - The intentional causing of serious bodily harm, attempt to cause serious bodily harm, or threat of serious bodily injury or death. This category includes aggravated assault, aggravated battery, and attempted murder.

Property Crime:

Burglary - The unlawful entry of a structure to commit a felony or theft, or an attempt to do so.

Theft - The unlawful taking or attempted taking of property or articles without the use of force, violence, or fraud.

Motor Vehicle Theft - The unlawful taking of or attempt to take a motor vehicle.

Arson - The willful or malicious burning or attempt to burn a house or other building, motor vehicle, aircraft, or personal property of another.

Violent crime decreased by 1.3 percent between 2006 and 2007, while property crime decreased by 2.7 percent. There was variability within each major category. Among violent crimes, murder showed the greatest percentage decrease (6.2 percent), followed by robbery (2.8 percent). Aggravated assault/battery was essentially stable between the two years (0.2 percent decrease), while criminal sexual assault showed a 4.0 percent increase. Among property crimes, motor vehicle theft decreased by 14.7 percent; arson by 1.8 percent; and theft by 1.1 percent. Burglary showed an increase of 2.4 percent between 2006 and 2007.

Property crimes outnumbered violent crimes by a ratio of 3.6:1, a ratio typical of recent years.

Exhibit 2. Index Crimes, 2006 - 2007

	2006	2007	% Change
Murder	471	442	-6.2%
Criminal Sexual Assault - Total	1,537	1,599	4.0%
Attempted Criminal Sexual Assault	72	89	23.6%
Criminal Sexual Assault	1,465	1,510	3.1%
Robbery - Total	15,868	15,426	-2.8%
Armed Robbery*	9,267	8,989	-3.0%
Strong-arm Robbery	6,601	6,437	-2.5%
Aggravated Assault/Battery - Total	17,463	17,428	-0.2%
Gun	4,639	4,500	-3.0%
Knife or cutting instrument	4,325	4,361	0.8%
Other dangerous weapon**	7,964	7,973	0.1%
Hands, fists, feet, etc.	535	594	11.0%
Violent Crime Subtotal	35,339	34,895	-1.3%
Burglary - Total	24,196	24,766	2.4%
Forcible Entry	17,048	17,296	1.5%
Unlawful Entry/Home Invasion	6,290	6,582	4.6%
Attempted Forcible Entry	858	888	3.5%
Theft	84,007	83,118	-1.1%
Motor Vehicle Theft	21,806	18,607	-14.7%
Arson	713	700	-1.8%
Property Crime Subtotal	130,722	127,191	-2.7%
Total Index Crimes	166,061	162,086	-2.4%

* Includes attempted armed robbery

** Includes aggravated domestic battery, aggravated assault or battery against a child, and aggravated assault or battery against a senior citizen in which the weapon type was not specified.

Violent index crimes are offenses with a high risk of injury or death to the victim, while property index crimes do not involve force directed to the person and/or bodily harm. Violent crimes accounted for 21.5 percent of all 2007 index crimes reported in Chicago, while property crimes accounted for 78.5 percent. These figures are virtually the same as in 2006, and typical of recent years.

Exhibit 3a.
Violent vs. Property Crime, 2007

Two categories accounted for almost all (94.1 percent) of the 2007 violent index crimes: aggravated assault/battery (49.9 percent) and robbery (44.2 percent). Criminal sexual assault represented 4.6 percent, and murder 1.3 percent. Among property index crimes, theft was the leading offense, with 65.3 percent of the reported total. In fact, theft retained its status as the most frequent index crime, accounting for half (51.4 percent) of all incidents in 2007. Burglary was a distinct second among property index crimes, representing 19.5 percent of such crimes. It was followed by motor vehicle theft (14.6 percent) and arson (0.6 percent).

Exhibit 3b.
Violent Crime, 2007

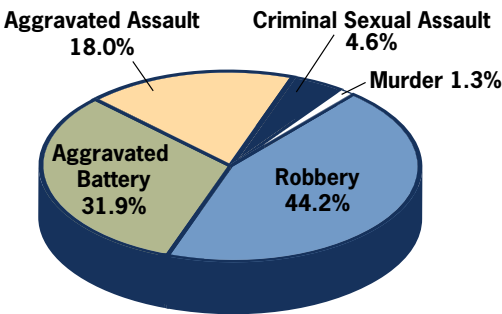

Exhibit 3c.
Property Crime, 2007

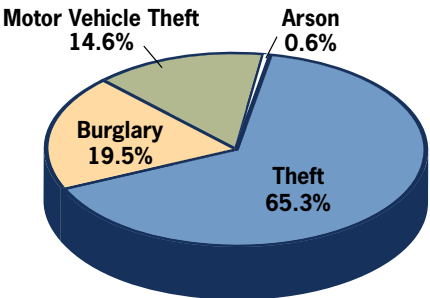

Exhibit 4a.

Index Crime Victims by Gender, 2007

Index Crime	Male	Female
Murder	86.9%	13.1%
Criminal Sexual Assault	9.2%	90.8%
Robbery	72.7%	27.3%
Aggravated Assault	55.6%	44.4%
Aggravated Battery	64.7%	35.3%
Total Violent Crime	64.3%	35.7%
Burglary	52.6%	47.4%
Theft	49.0%	51.0%
Motor Vehicle Theft	59.3%	40.7%
Arson	58.5%	41.5%
Total Property Crime	51.5%	48.5%
Total Index Crime	54.8%	45.2%

Males were substantially more likely to be victims of violent index crime than females (64.3 percent vs. 35.7 percent), and somewhat more likely to be the victims of property crime (51.5 percent vs. 48.5 percent). Three gender differences were striking in regard to violent crime: the overwhelming majority of murder victims (86.9 percent) and a substantial majority of robbery victims (72.7 percent) were male, while the overwhelming majority of criminal sexual assault victims (90.8 percent) were female.

African-Americans were the most frequent victims of violent index crimes in 2007 (66.9 percent), followed, at considerably lower levels, by Hispanics (18.0 percent) and Caucasians (13.0 percent). These figures are all within a percentage point of their 2006 counterparts. African-Americans also ranked first as victims of property index crimes in 2007 (44.9 percent), followed by Caucasians (34.3 percent) and Hispanics (17.6 percent). These property crime figures are also within a percentage point of their 2006 counterparts.

Exhibit 4b.

Index Crime Victims by Race, 2007

Index Crime	African-American	Caucasian	Hispanic	Asian	Other
Murder	74.7%	6.3%	18.3%	0.5%	0.0%
Criminal Sexual Assault	60.2%	17.4%	18.9%	3.2%	0.3%
Robbery	70.1%	11.1%	17.8%	0.9%	0.1%
Aggravated Assault	73.5%	8.4%	17.3%	0.8%	0.0%
Aggravated Battery	49.3%	30.0%	17.5%	3.0%	0.2%
Total Violent Crime	66.9%	13.0%	18.0%	1.8%	0.2%
Burglary	49.3%	30.0%	17.5%	3.0%	0.2%
Theft	41.0%	39.8%	15.7%	3.3%	0.2%
Motor Vehicle Theft	53.9%	19.8%	24.4%	1.8%	0.2%
Arson	50.7%	16.6%	31.8%	0.9%	0.0%
Total Property Crime	44.9%	34.3%	17.6%	3.0%	0.2%
Total Index Crime	50.7%	28.7%	17.7%	2.7%	0.2%

Note: "Caucasian" includes non-Hispanic, identified as Caucasian; "African-American" includes anyone identified as African-American; "Hispanic" includes anyone identified as Hispanic or Latino, regardless of race; "Asian" includes anyone identified as Asian or Pacific Islander; "Other" includes all other identified races not mentioned above.

The percentage of index cases cleared in 2007 was 18.7 percent, virtually identical to the 2006 figure of 18.9 percent. As noted elsewhere in this report, theft accounted for approximately half of all index offenses, and the overall clearance rate was therefore driven by the clearance rate for theft (15.9 percent).

On average, violent crimes were more than twice as likely to be cleared as property crimes (34.2 percent vs. 14.5 percent). This ratio is typical of recent years. Aggravated assault had the highest clearance rate, at 54.1 percent, while burglary had the lowest, at 11.2 percent, the same figure as in 2006.

Exhibit 5a.

Index Offenses and Clearances, 2007

	Offenses*	Clearances**	% Cleared
Murder	442	175	39.6%
Criminal Sexual Assault	1,599	599	37.5%
Robbery	15,426	3,215	20.8%
Aggravated Assault	6,283	3,396	54.1%
Aggravated Battery	11,145	4,554	40.9%
Total Violent Crime	34,895	11,939	34.2%
Burglary	24,766	2,770	11.2%
Theft	83,118	13,243	15.9%
Motor Vehicle Theft	18,607	2,252	12.1%
Arson	700	137	19.6%
Total Property Crime	127,191	18,402	14.5%
Total Index Crime	162,086	30,341	18.7%

Exhibit 5b.

Index Offenses and Clearances, 2006

	Offenses*	Clearances**	% Cleared
Murder	467	181	38.8%
Criminal Sexual Assault	1,537	594	38.6%
Robbery	15,868	3,384	21.3%
Aggravated Assault	6,524	3,671	56.3%
Aggravated Battery	10,939	4,434	40.5%
Total Violent Crime	35,335	12,264	34.7%
Burglary	24,196	2,710	11.2%
Theft	84,007	13,827	16.5%
Motor Vehicle Theft	21,806	2,443	11.2%
Arson	713	137	19.2%
Total Property Crime	130,722	19,117	14.6%
Total Index Crime	166,057	31,381	18.9%

* Includes both the actual offense and attempts to commit that offense.

** Includes incidents that were cleared when the offender(s) is arrested, charged, and prosecuted and those cleared exceptionally. Incidents are cleared exceptionally when an offender has been identified, there is enough evidence to arrest, charge and prosecute the offender, and the offender's location is known so that he/she can be taken into custody, but circumstances outside the control of the police department has prevented the arrest, charging, and/or prosecution of an offender (Federal Bureau of Investigations, 2004).

Note: The numbers reported for clearances may be lower than the actual number of clearances for the offenses in a given year. This is because a clearance may occur during the year in which the offense was committed or in a subsequent year. For comparative purposes, the clearance data in Exhibit 5b match the numbers reported in the 2006 Annual Report and do not reflect any clearances which may have occurred in subsequent years.

Source: 2006 data were taken from the 2006 Annual Report.

Violent crimes declined steadily from 1998 through 2007, at a compound annual rate of 5.3 percent. The 34,895 violent crimes in 2007 represent a 10-year decline of 38.5 percent from the 56,746 in 1998. Individual crime categories varied in their percentage decrease between 1998 and 2007: aggravated assault/battery, 43.1 percent; murder, 37.2 percent; robbery, 33.2 percent; criminal sexual assault, 30.2 percent. Aggravated assault/battery declined every year during the reporting period. Each of the other categories had an increase in one or two years of the reporting period against an overall pattern of decline.

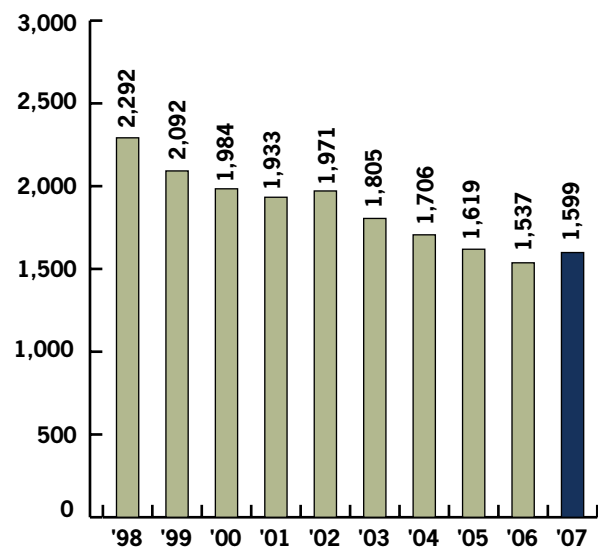

Exhibit 6c.
Robbery, 1998-2007

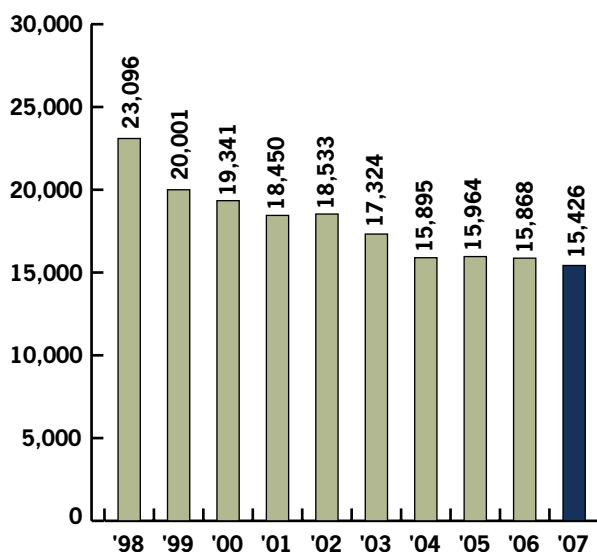

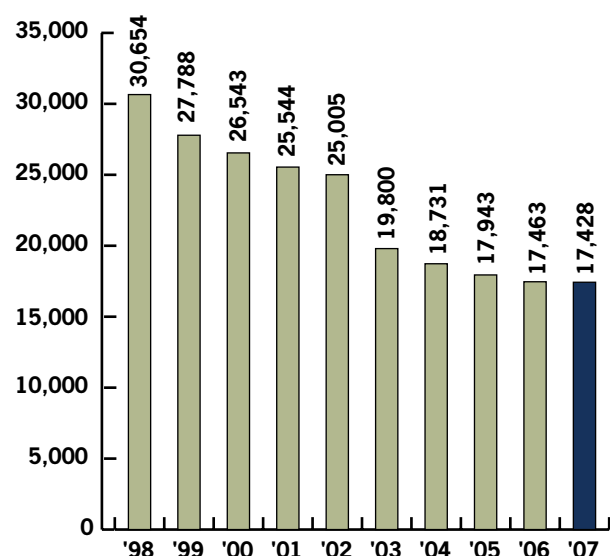

Exhibit 6d.
Aggravated Assault/Battery, 1998-2007

PROPERTY CRIME TRENDS

Like violent crimes, property crimes declined steadily from 1998 through 2007. The compound annual rate of decrease was 4.4 percent. The 127,191 property crimes reported in 2007 represent a decline of 33.2 percent from the 190,449 offenses in 1998. This decrease is 5.3 percentage points less than the decrease in violent crimes over the same period.

Individual crime categories varied in their percent decrease between 1998 and 2007: arson, 45.2 percent; motor vehicle theft, 41.4 percent; theft, 31.6 percent; burglary, 31.1 percent. Except for motor vehicle theft, no category declined every year during the reporting period. All of the other categories had plateaus and/or increases against an overall pattern of decline.

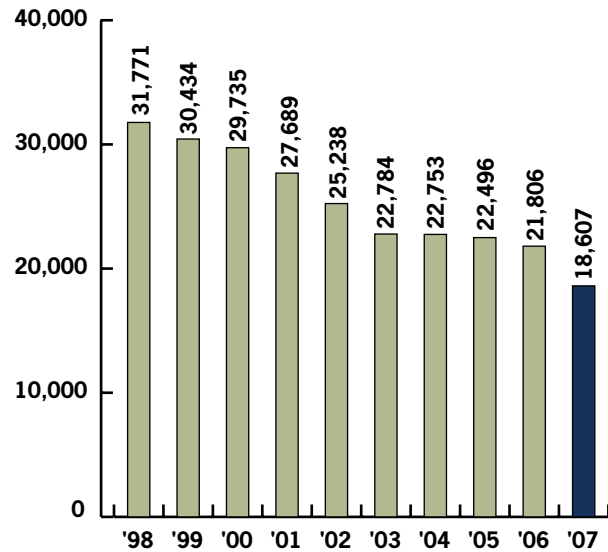

Exhibit 8a.
Causative Factors, 2006 - 2007

	2006	2007	% of 2006	% of 2007
Altercations	94	92	20.0%	20.8%
Child Abuse	6	8	1.3%	1.8%
Domestic	21	47	4.5%	10.6%
Gang-related	205	170	43.5%	38.5%
Robbery	46	35	9.8%	7.9%
Index other than Robbery	7	13	1.5%	2.9%
Other	38	21	8.1%	4.8%
Under Investigation	54	56	11.5%	12.7%
Total	471	442	100.0%	100.0%

Murders decreased by 6.2 percent between 2006 and 2007. Of the 2007 murders whose cause was determined, 44.0 percent arose from gang activity, while 23.8 percent arose from altercations which were not gang related. Domestic violence was the third-most frequent single cause, at 12.2 percent. It is noteworthy that this is more than twice the percentage as in 2006 (5.0 percent).

Exhibit 8b.
Age of Offenders, 2006 - 2007

	2006	2007	% of 2006	% of 2007

Total	278	216	100.0%	100.0%

* There were 2 offenders in 2006 and 2 offenders in 2007 in which age information was not available.

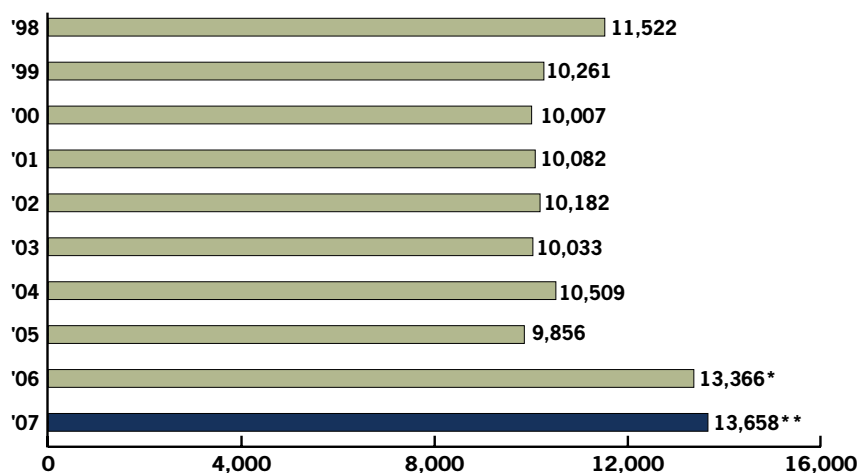

On average, murder victims were older than murder offenders. While the mean victim's age was 29.6 years in 2007, the mean offender's age was 28.9. From another perspective, persons over 30 years of age were 34.2 percent of the victim population, while they were 29.6 percent of the known offender population.

Exhibit 8c.
Age of Victims, 2006 - 2007

	2006	2007	% of 2006	% of 2007

31-40	82	71	17.4%	16.1%
41-50	37	41	7.9%	9.3%
51-60	21	22	4.5%	5.0%
61-70	9	8	1.9%	1.8%
71-80	4	3	0.8%	0.7%
Over 80	2	6	0.4%	1.4%
Total	471	442	100.0%	100.0%

Exhibit 9a.

Firearms Recoveries, 1998 - 2007

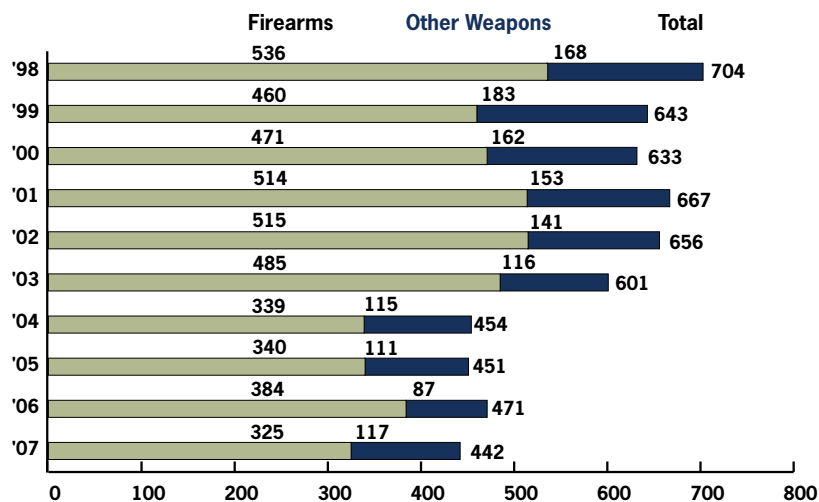

* The 2006 figure includes the number of guns received during two gun turn-ins: April 29, 2006 - 2,944 guns turned in and December 16, 2006 - 1,115 guns turned in.

** Total includes the 6,003 guns received during the July 21, 2007 gun turn-in.

The 13,658 firearms recovered in Chicago in 2007, up 2.2 percent from 2006, represents a ten-year high in the number of recoveries. Firearms were used in 73.5 percent of 2007 murders and represented a decline from the 81.5 percent in 2006. However, 2006 was an atypical year, and the 2007 figure is more in line with recent years (about 75 percent).

Exhibit 9b.

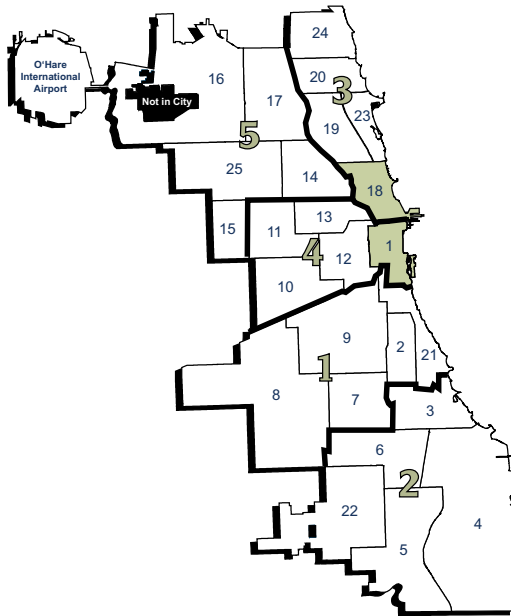

Murder Offenses by Weapon Types, 1998 - 2007

* There was one murder each in 1998, 1999, 2000, 2002, 2003, and four murders in 2006 in which the weapon type was unknown.

Exhibit 10a.

Chicago Police Areas and Districts

Chicago is divided into 25 police districts. Each police district has between 9 and 15 police beats, with a total of 281 beats throughout the city. It is at the beat level that the Department's strategy of police-community partnership and problem-solving is carried out.

Each police district is led by a district commander. In addition to uniformed beat and rapid response officers, each district has teams of civilian-dressed tactical and gang tactical officers. Each district also has a Community Policing Office which helps coordinate police-community partnership and problem-solving at the beat level and provides special services to senior citizens.

Total Land Area	231.10 sq. miles	

Source: Information Services Division, Chicago Police Department

Districts are organized into large units called areas. Since 1992 there have been five police areas in Chicago, each commanded by an area deputy chief. For patrol-operational reasons, in 2001 the 1st and 18th Districts, which comprise Chicago's downtown, were placed under command of a deputy chief in an area referred to as the Central Control Group. In 2002, the boundary between the 1st and 21st Districts was moved to re-allocate service demand more efficiently. As a result, the area of the 1st District was increased, and the area of the 21st District decreased, by approximately one-third (.31) of a square mile.

The Bureau of Investigative Services continues to rely on the five area organization for the assignment of detectives, who follow-up and investigate crimes occurring in the districts comprising the area.

CHICAGO POLICE DISTRICTS

Between 2006 and 2007, reported index crimes decreased in 16 of Chicago's 25 police districts, increased in five, and remained essentially unchanged (less than 1 percent difference) in four. For the districts which decreased, the average decrease was 6.3 percent, with a range of 1.3 to 12.6 percent. For the districts which increased, the average increase was 4.9 percent, with a range of 3.6 to 6.3 percent.

Exhibit 10c.

Data compiled by Dr. Wesley Skogan, Institute for Policy Research, Northwestern University, based on 2000 U.S. Bureau of the Census data.
Note: District populations are estimated from Census tract-level data.

Exhibit 11a.

Chicago Community Areas and Map

The 77 Chicago Community Areas were defined cooperatively by the U.S. Census Bureau and the University of Chicago Department of Sociology following the 1920 Census. Although there have been substantial changes in population and infrastructure since then, the Community Areas remain the most widely-used geographic units by Chicago planning agencies, advocacy groups, and service providers.

Pages 38 - 39 contain index crimes by Community Area. In order to group data by Community Area, all index crimes were geo-coded based on the address of occurrence, plotted, and extracted, using a Community Area overlay map. As a result, the reader may note that the combined total by Community Area does not equal the actual total shown by police district. In addition, pages 40 - 41 contain Community Area population by race.

The reader may use the map on the following page to help identify Community Areas.

ARRESTS

The over 13,000 sworn officers of the Chicago Police Department arrested over 221,000 criminal offenders in the City of Chicago in 2007.

"This shows the tremendous amount of commitment by the Chicago Police Department and the tenacious determination of a community that is tired of gangs, guns, and drugs and wants a better quality of life and will not settle for less."

~ Alderman Isaac Carothers (29th Ward)

ARRESTS

Total arrests decreased by 2.6 percent between 2006 and 2007. The 221,915 arrests in 2007 included 29,207 for index offenses (13.2 percent), 170,230 for non-index offenses (76.7 percent), and 22,478 on outstanding warrants (10.1 percent). These percentages are all within a point of their 2006 counterparts. Total index crime arrests decreased by 5.9 percent, with a range of 0.6 percent (arson) to 12.9 percent (robbery).

Total non-index crime arrests decreased by 2.0 percent between 2006 and 2007, with a range of 0.6 percent (simple assault/battery) to 14.2 percent (other state law violations) among the individual categories which showed a decrease.

DIRECTED POLICING STRATEGIES

The Department's directed policing strategies, such as the Targeted Response Unit and POD cameras, work in conjunction with community involvement and the CAPS program to address crime prevention and improve crime fighting activities in an effort to make our neighborhoods safer.

"Through a combination of good police work, new technology, and community involvement, we can make our children and our neighborhoods safer."

~ Richard M. Daley, Mayor, City of Chicago

Crime Fighting Strategies Utilizing POD Camera Technology Minimize Impact of Emerging Crime Trend

In 2007, the 18th District experienced an increase of incidents involving theft from automobiles. A strategy was developed by personnel from the 18th District to utilize technology to address this emerging crime trend. The strategy utilized missions which incorporated the combination of using covert decoy cars in conjunction with Police Observation Device (POD) video surveillance. During one of the sting missions, officers observed through POD camera surveillance cameras, an offender trespass into a vehicle and take various items. A decoy vehicle was quickly positioned nearby and the offender was taken into custody and charged accordingly. This is one of many examples in which a combination of technology and quality police work are used together to address emerging crime trends, apprehend offenders, and tackle crime patterns.

The number of beat community meetings in 2007 decreased by 2.5 percent from 2006, while the number of attendees declined by 3.9 percent. In an average month in 2007, 242 beat meetings were held, each attended by an average of 18 persons. In 2006 there were more beat meetings per month (248) but the same number of attendees. Both court advocacy cases and court advocacy volunteers registered dramatic increases between the two years: 957.9 percent and 891.3 percent, respectively, or about a ten-fold increase for each. The number of persons attending CAPS district-level committee and subcommittee meetings declined by 10.2 percent between 2006 and 2007.

Subcommittee Meeting Attendance within Districts, 2006-2007

	2006	2007	% Change
Total Attendees	22,206	19,946	-10.2%
Average Number of Monthly Attendees	1,851	1,662	-10.2%

*Subcommittees include: Domestic Violence Subcommittee, Senior Citizen Subcommittee, and Court Advocacy Subcommittee.

There were 206,279 domestic violence calls placed to the Office of Emergency Management and Communications in 2007, close to the number in 2006 (less than 1 percent increase). This nominal growth was driven by a 1.6 percent increase in domestic disturbance calls. The other two categories decreased between 2006 and 2007 by 1.2 percent in the case of domestic battery calls and 2.3 percent in the case of calls regarding violation of an order of protection.

The number of domestic violence calls per 1,000 residents varied by a factor of 15.0 among the districts, from 14.5 in the 19th District to 217.9 in the 7th District. Other relatively high districts were the 11th (170.8), 15th (164.2), 3rd (154.1) and 6th (151.4). Other relatively low districts were the 23rd (21.5), 16th (22.5), 18th (22.8), and 20th (21.1). The citywide rate was 71.2 calls per 1,000 residents.

Domestic-Related Murders, 1998-2007

Domestic-related murders have shown a variable course over the past ten years, with five years of increase over the previous year, and four years of decline. The 2007 count of 47 is more than twice the number as in 2006.

Domestic-related arrests increased by 3.6 percent between 2006 and 2007. The overwhelming majority of arrests (90.8 percent) were for domestic battery, followed by violation of an order of protection (7.8 percent). The seven other categories in which 2007 arrests were made accounted for 1.4 percent of the total.

Department's Targeted Response Unit (TRU) Dismantles an Identity Theft Ring

Members of the Department's Targeted Response Unit (TRU), while on routine patrol, stopped a vehicle for a minor traffic violation. During the course of the traffic stop, the driver and the three passengers were arrested for various state charges, including the Possession of Fraudulent State Identification Cards. Further investigation of the incident led to one of the arrested individuals providing the officers with detailed information and locations regarding the financial identity ring with which the arrestees were associated. With this information, the Financial Crimes Investigations Unit and the United States Postal Inspectors were contacted to assist in the investigation. In coordination with these investigative units, a search warrant was executed by the TRU officers on September 27, 2007. The search warrant led to the recovery of hundreds of fraudulent state identification cards, fraudulent social security cards, several large storage bins containing personal information of hundreds of persons from all over the country, and various other fraudulent documents. The warrant crippled an active identity theft ring and the four arrestees were charged with various identity-theft-related offenses.

The Targeted Response Unit is comprised of highly professional and proactive officers that are deployed to high crime areas to conduct aggressive, visible patrols focusing on guns, narcotics, and stolen vehicles.

Exhibit 16.

Targeted Response Unit Activity, 2007

	2007
Total Missions*	5,213
Total Arrests	8,754
Narcotics Arrests	4,425

All Other Arrests	2,275
Weapons Recovered	223

* Missions reflect the total number of Tactical Response Unit teams deployed in 2007.

Section 8-4-015 of the Municipal Code of Chicago directs the Superintendent of Police, in consultation with others inside and outside the Department, to identify areas of the City where gang loitering has enabled street gangs to establish control, intimidate others from entering those areas, or to conceal illegal activities.

When a police officer observes one or more persons engaged in gang or narcotics-related loitering in an area so designated, the officer informs such persons that they are engaged in loitering where such loitering is prohibited; orders such persons to disperse and remove themselves; and advises such persons they are subject to arrest if they fail to obey the order promptly or they engage in further gang or narcotics-related loitering at that location within the next three hours.

The Narcotics and Gang Investigations Section is responsible for ensuring proper investigation and enforcement against large-scale, illegal narcotics activities and those which transcend district boundaries. The focus of this section is the dissolution of illegal gang activities through both street-level enforcement efforts and long-term criminal investigations.

Roadside Safety Checks are one method used by the Department to enforce drunk driving and other traffic safety laws. The Department selects a site for a check based on factors such as past DUI arrest activity, the proximity of alcohol-related businesses, the frequency of traffic crashes, and other public safety considerations. Officers slow the traffic flow and stop cars at regular intervals, speak with drivers, and watch for signs of alcohol use and other violations.

DUI strike force patrols are similar in purpose to roadside safety checks, but involve roving patrols. Additional police vehicles are assigned to an area identified as a high-accident location. Targeted offenses include speeding, unsafe vehicles, DUI and open alcoholic beverages, improper seatbelt usage, and violations involving insurance, driver's licenses, license plates, and City stickers.

These programs are funded by grants from the National Highway Traffic Safety Administration and are administered by the Illinois Department of Transportation, Division of Traffic Safety.

Exhibit 20a. Youth Investigations, 2006-2007

	2006	2007	% Change
Missing Persons	20,022	18,898	-5.6%
Child Abuse (physical only)	1,492	1,413	-5.3%
Sex Offenses - Family Related	1,153	1,168	1.3%
Child Abduction - Family Related	976	1,058	8.4%
Sex Offenses - Under 13, Special Investigations Unit*	810	788	-2.7%
Dependent/Neglect	510	510	0.0%
Child Abandonment	124	95	-23.4%
Total	25,087	23,930	-4.6%
DCFS Hotline Notifications	2,745	2,499	-9.0%

* As of 2002 unit 079, Special Investigations Unit, is in charge of all sex investigations involving children 12 years of age or under.

The number of investigations conducted by the Juvenile Investigations Section decreased by 4.6 percent between 2006 and 2007. Among the high-volume investigation types, DCFS hotline notifications decreased by 9.0 percent and missing persons investigations by 5.6 percent. Other decreases, based on smaller numbers of cases, ranged from 2.7 percent (sex offenses-under 13) to 23.4 percent (child abandonment). The number of dependent/neglect investigations remained unchanged between 2006 and 2007. Two investigation categories increased between the two years: sex offenses-family related (1.3 percent) and child abduction-family related (8.4 percent).

Exhibit 20b. Disposition of Juveniles Processed by the Department, 2006-2007

	2006	2007	% Change
School Absentees	50,513	54,258	7.4%
Curfew Arrests	29,080	25,947	-10.8%
Station Adjustments*	9,420	8,935	-5.1%
Referred to Agencies	5,570	3,006	-46.0%
Referred to Family	3,850	5,929	54.0%
Directed to Juvenile Court	15,898	14,756	-7.2%
Directed to Criminal Court	186	186	0.0%
Status Offenders**	277	173	-37.5%
Total	105,374	104,255	-1.1%

Note: Juveniles are defined as persons under 17 years of age.

* When a juvenile is taken into custody for a crime, he or she is turned over to a detective, who determines whether the juvenile will be directed to court or released to a parent or guardian with a station adjustment. Community adjustments provide for follow-up assistance or counseling by a detective or community agency.

** Status offenses are those which, if committed by an adult, would not be crimes. These include running away, truancy, and possession of cigarettes.

Between 2006 and 2007, there was a decrease of 1.1 percent in juveniles processed by the Department. Curfew arrests, the largest category, decreased by 10.8 percent. Although station adjustments showed a nominal decrease of 5.1 percent, each of its subcategories registered a substantial change from the previous year: referrals to agencies decreased by 46.0 percent, and referrals to family increased by 54.0 percent. Status offenders showed a large percentage decrease (37.5 percent), but it was based on a small number of cases. Juveniles directed to Juvenile Court declined by 7.2 percent, while the number directed to Criminal Court remained the same between 2006 and 2007. School absentees increased by 7.4 percent.

Investigation Leads Detectives to Clear Robbery Pattern and Charge Hate Crime Offenders

A male and female were traveling together on a Chicago Transit Authority (CTA) train when they were approached by two juveniles who became loud and abusive. The victims were subjected to numerous racial slurs and derogatory statements. As the victims attempted to remove themselves from the situation, the offenders followed and continued to be verbally abusive. The offenders then struck the male victim in the face and attempted to steal the female victim's cell phone. The offenders fled and the victims reported the incident to the Chicago Police Department. Several months later, two offenders were arrested for robbery during an unrelated incident on the same CTA train line. The detectives, identifying the similarities of the two events, contacted the original victims. The victims positively identified one of the individuals as the offender in their incident. Because of the thorough investigation of the detectives and cooperation of the victims, a robbery pattern was cleared and the offenders were charged with various robbery offenses and a hate crime.

Hate crimes are criminal acts committed for reasons of race, religion, ancestry, gender, sexual orientation, disability, or national origin. The 72 incidents reported in 2007 are a drop of 10.0 percent from the 80 in 2006.

Racial bias was the most frequent motive for hate crimes in 2007, accounting for 31 reported incidents, or 43.1 percent of the total. African-Americans were the most frequent victims of racially-motivated hate crimes (21, or 67.7 percent), followed, at a much lower level, by Caucasians (6, or 19.4 percent).

Hate crimes based on sexual orientation were the second most frequent category, with 26 reported incidents, or 36.1 percent of the reported total. The substantial majority of these were crimes against gay men (20, or 76.9 percent).

Exhibit 21a.
Hate Crimes, 1998-2007

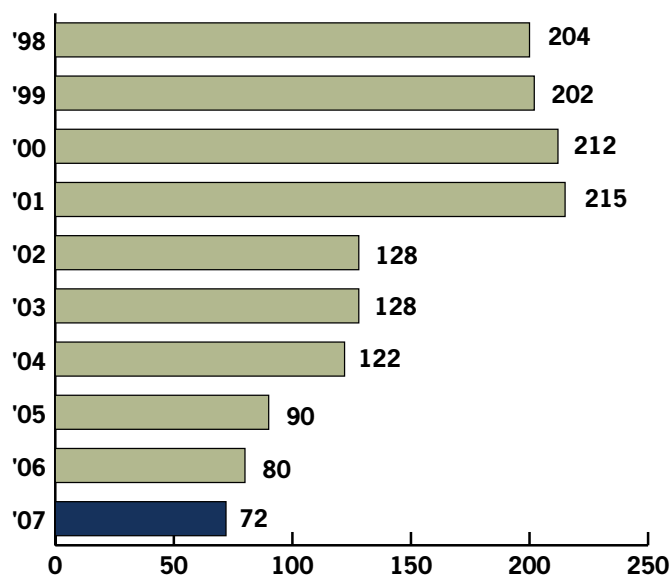

Exhibit 21b.

Hate Crimes Investigations by Motive, 2006-2007

	2006	2007	% Change
Race	31	31	0.0%
Sexual orientation	29	26	-10.3%
National origin	11	1	-90.9%
Religion	9	13	44.4%
Other*	0	1	--
Total	80	72	-10.0%

*Other includes gender and disability.

Three hate crime categories represented 80.5 percent of the reported total in 2007: criminal damage to property (44.4 percent), battery/aggravated battery (19.4 percent), and assault/aggravated assault (16.7 percent). These have typically been the leading categories and represented 77.5 percent of the reported total in 2006.

Exhibit 21c.

Hate Crime Investigation Dispositions, 2007

When race and gender were known, 2007 hate crime offenders tended to be African-American males (52.9 percent) or Caucasian males (38.2 percent). These were also the predominant groups in 2006.

* Other Criminal Offenses include Intimidation, Criminal Defacement, Theft, Burglary and Other Offenses.

ADMINISTRATION

In 2007, the Chicago Police Department responded to over 5 million 911 calls for service, professionally serving the approximately 2.9 million residents and the millions of visitors of the City of Chicago.

“Considerable evidence shows that focused, data-driven “hot-spot” policing and other strategies backed up by better data and rigorous management oversight can reduce crime. Chicago adopted many of these strategies, along with new information systems that enable police to rigorously manage them.”

~ Dr. Wesley G. Skogan, Professor of Political Science,
Northwestern University

Chicago has the nation's second largest police department, serving approximately 2.9 million residents in an area of 231.1 square miles. The Department had 15,493 members at the end of 2007, including 13,616 sworn police officers.

Office of the Superintendent

The Department is led by the Superintendent of Police, who is appointed by the Mayor. In addition to overall Department management, the Office of the Superintendent is responsible for such critical functions as education and training, legal affairs, media relations, management and labor affairs, and internal investigations. The Superintendent manages the Office of the First Deputy Superintendent and five bureaus, each of which is commanded by a Deputy Superintendent. Within each of these major operating units are various divisions, groups, sections, and units that carry out the Department's operational, training, investigative, staff support, and administrative activities. An organizational chart of the Department's major units appears on the next page.

Office of the First Deputy Superintendent

The Office of the First Deputy Superintendent coordinates and directs Department activities relating to preventive programs and police-community relations; monitors the development and application of the Chicago Alternative Policing Strategy (CAPS); provides training for newly promoted Departmental managers regarding their strategic planning responsibilities; and monitors the delivery of City services in support of crime-fighting and community-policing strategies. Additionally, the office maintains administrative liaison between the Department and outside agencies requiring the use of sworn members, and acts as the Department's command post.

Bureau of Investigative Services

The Bureau of Investigative Services is responsible for the follow-up investigation of crime and the apprehension of offenders. There are two major divisions within the bureau: The Detective Division and the Organized Crime Division. The Detective Division is responsible for the investigation of felonies, selected misdemeanors, missing persons and unidentified deceased persons; the processing of juvenile offenders and the care of juveniles in need of protective services; the response to and investigation of bomb and arson incidents; and the collection and processing of forensic evidence.

The Organized Crime Division addresses large-scale narcotics activities; vice crimes such as gambling, prostitution, and the distribution of obscene matter; the infiltration of organized crime into legitimate business activities; and gang-related crime.

Bureau of Patrol

The Bureau of Patrol is responsible for general field operations. This includes the protection of life and property; apprehension of criminals; use of the problem-solving process to address chronic crime and disorder problems; providing district law enforcement personnel with support that is consistent with beat and district strategic operational plans; and enforcement of traffic laws and ordinances.

Bureau of Strategic Deployment

The Bureau of Strategic Deployment is responsible for maintaining ready forces of personnel capable of responding to emergency situations, special events, and mission-directed patrols; conducting tactical analytic activities supporting effective deployment of field units; maintaining and deploying certain specialized vehicles; analyzing anti-terrorism intelligence; coordinating the Department's overall anti-terrorism planning and preparation; and providing dignitary protection.

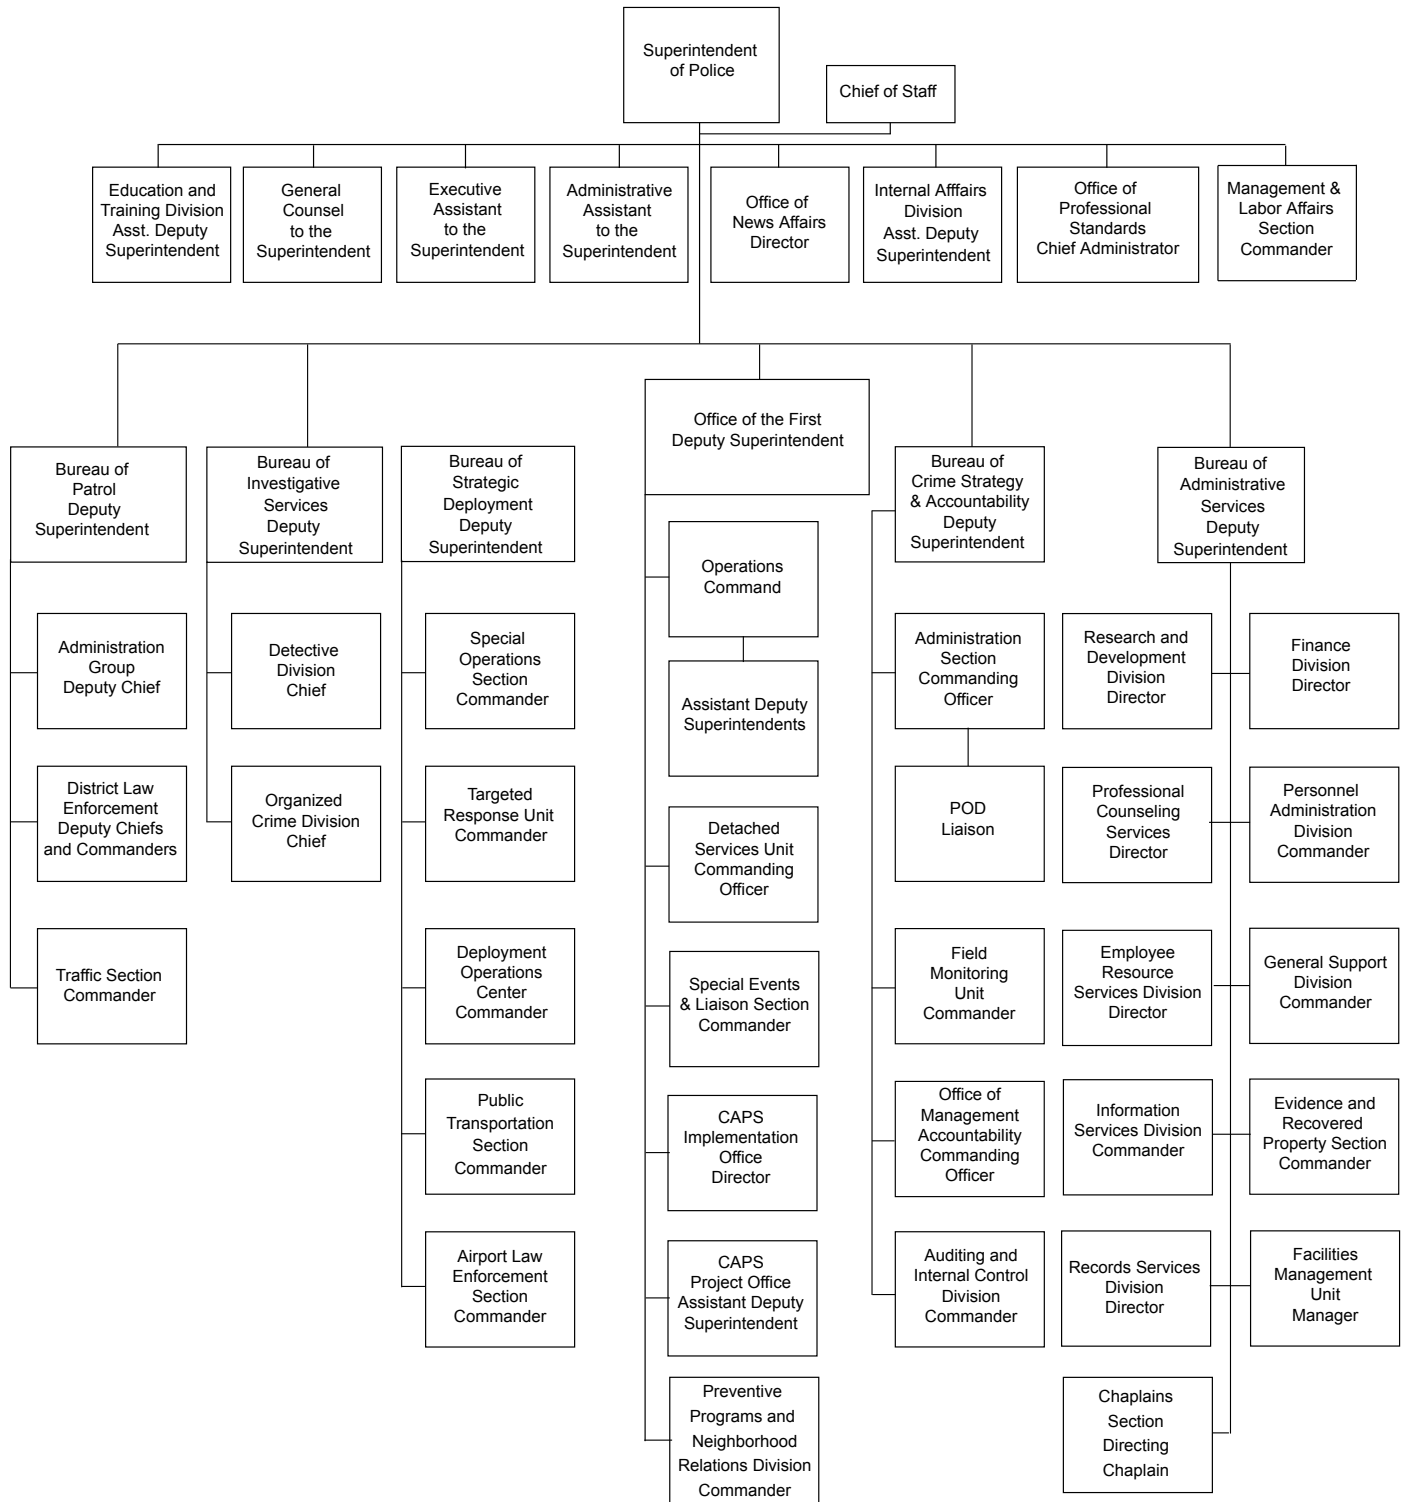

Bureau of Crime Strategy and Accountability

The Bureau of Crime Strategy and Accountability is responsible for assessing crime strategies implemented by the Department and determining the effectiveness of those strategies; organizing the Department's Strategic Planning and Management Accountability meetings; and conducting audits and inspections to determine compliance with Department policy.

Bureau of Administrative Services

The Bureau of Administrative Services is responsible for coordinating and directing Departmental activities related to budget and fiscal control; personnel administration; technological infrastructure; data collection; and criminal justice research, analysis, and reporting. Additionally, the bureau conducts policy and planning research; systems analysis and program development; prepares grant applications; and provides field operations with support that is consistent with beat, district, and strategic operational planning activities.

Exhibit 22.
Organization for Command, 2007

The Chicago Police Department had 15,493 members at the end of 2007, virtually the same as at the end of 2006 (less than 1 percent decrease). Sworn and exempt members remained at their 2006 level while the other two categories decreased: civilian members by 8.8 percent and crossing guards by 11.7 percent.

At the end of 2007, 30.6 percent of all Department members were female: 23.8 percent of sworn/exempt members, 64.1 percent of civilians, and 96.7 percent of crossing guards.

Exhibit 23a.

Personnel by Race and Gender, 2007

Other*	7	1	8

About half (49.0 percent) of the Department's 2007 members were classified as minorities: African-American, Hispanic, Native American, or Other. This breaks down into 46.0 percent of sworn/exempt members, 76.3 percent of civilians, and 66.6 percent of crossing guards. All of these figures are essentially the same as in 2006 (approximately 1 percentage point difference or less).

* Other languages include Armenian, Belgian, Bohemian, Danish, Dutch, Farsi, Finnish, Gaelic, Hebrew, Hindi, Hungarian, Labiomaney, Latvian, Portuguese, Slovakian, Swedish, Thai, Ukrainian, Urdu, Vietnamese, Yiddish, Yugoslavian, and other languages.

The Chicago Police Department's appropriation increased by \$31,530,667 or 2.6 percent between 2006 and 2007. This increase was driven by a growth of 2.4 percent in personnel services. In 2007, the latter represented 95.4 percent of the Department's annual appropriation, virtually identical to the 95.5 percent in 2006. Other categories which showed noteworthy increases include Contractual Services (25.4 percent), Equipment (11.0 percent on a small base) and For Specific Purposes-General (funds used for physical exams) (22.2 percent).

Exhibit 24a. Annual Appropriations*, 2006-2007

The 5,076,219 calls to 911 in 2007 are essentially the same number as in 2006 (less than 1 percent increase). The 2007 figure was the third-highest in the ten-year period, exceeded in 2001 and 2004. Calls to 311 may concern police services or other City services. Those which concern police services only are reported in Exhibit 25b as “Non-Emergency–746-6000”. These calls decreased by 4.3 percent in 2007.

The Education and Training Division trained and graduated 702 recruits for the Chicago Police Department, a decrease of 9.5 percent from the number in 2006.

Chicago recruits currently receive 856 hours of training and instruction in the academy, followed by a 12-week field training and evaluation program. Recruits are on probation until they reach their 18-month service anniversary.

In addition to recruits for the Chicago Police Department, the Education and Training Division trained 95 recruits for suburban police agencies. This represents a 43.9 percent increase from the 66 trained in 2006. Each year, all sworn personnel are required to pass a State of Illinois course of fire with their duty weapon and optional duty weapon, if applicable. Firearms training and qualification are conducted at each of the five area headquarters firing ranges and at the training academy.

ALLEGATION OF MISCONDUCT

Allegations of misconduct by Department members are investigated by the Internal Affairs Division (IAD) or, in the case of complaints alleging excessive force or off-duty domestic disputes, by the Independent Police Review Authority (IPRA). A Complaint Register (CR) number is issued whenever a complaint is received. Each complaint is investigated and a determination is made as to whether there is sufficient evidence to sustain the allegation and take disciplinary action.

Exhibit 27a.

Internal Affairs Division Investigations, 2007

Allegations	Investigation Initiated	Sustained Finding*
Operation/Personnel Violations	2,086	459
Civil Rights Violations	1,615	11
Traffic (non-bribery/excessive force)	336	81
Verbal Abuse	252	63
Conduct Unbecoming (off-duty)	239	10
Arrest/Lock-up Procedures	215	12
Commission of a Crime	112	6
Civil Suits	61	18
Alcohol Abuse	20	24
Drug/Substance Abuse	18	2
Bribery/Official Corruption	15	8
Supervisory Responsibilities	0	2
Total	4,969	696

* Some investigations classified as "sustained" reflect cases initiated in a prior year.

Exhibit 27b.

Allegations of Unreasonable Force, 2007

	2007
1) Number of police officers against whom an allegation of unreasonable force was made. ¹	665
2) Number of allegations of unreasonable force made against all accused officers. ²	738
3) Number of police officers against whom disciplinary charges were filed on the basis of allegations of unreasonable force. ³	53
4) Listing of investigations of allegations of unreasonable force pending as of the date of the report, together with dates on which such allegations were made. ⁴	459
5) Listing of allegations of unreasonable force for which the board has determined not to file charges. ⁵	534

Note: This status report is published pursuant to 625 ILCS 5/10-1-18. As set forth expressly in that law, the information underlying this status report shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act.

On September 5, 2007, the City of Chicago restructured the Office of Professional Standards, adopting the new title Independent Police Review Authority (IPRA).

¹ Reflects the number of individual police officers against whom an allegation of unreasonable force was made.

² This number reflects all allegations of unreasonable force; there may be more than one allegation against an officer; also, there may be one allegation against multiple officers, which is counted separately for each officer named as an accused even if arising out of one incident or investigation.

³ Not all investigations of allegations made in 2007 were completed in 2007, and therefore some of those complaints remain open.

⁴ This number reflects the investigations of excessive force complaints pending as of December 31, 2007, without regard to the date that the complaint was initiated; matching dates of initiation of these complaints to those pending currently is not an available function.

⁵ Does not include investigations that IPRA determined were unfounded, or where IPRA determined the officer's use of force was reasonable.

Exhibit 27c.

2007 Recommended Disciplinary Actions in Sustained Cases, IAD and IPRA *

	2007
Reprimand	161
Suspended 1 to 5 days	352
Suspended 6 to 15 days	47
Suspended 16 to 30 days	36
Suspended 31 days or more	13
Separated from the Department* *	7
Total	616
Violation noted, no action	56
Summary Punishment Action Request	3,192
Hold - Penalty Not Served* * *	54
Resigned while under investigation	39

* Includes disciplinary actions on cases from prior years.

** Includes only those separations in which the separation was presented to the Police Board and have been Closed by the Records Section of the Internal Affairs Division.

*** Includes death, retirement, and resignation.

Exhibit 27d.

2007 Excessive Force Complaints

	2007
Complaints retained by IPRA*	2,448
Complaint registers completed	1,575
Unfounded ^(a) [No Affidavit = 739]	1,055
Exonerated ^(b)	13
Not Sustained ^(c)	462
Sustained ^(d)	45

* Source: Independent Police Review Authority

Note: Some cases are carried over from CR numbers issued in prior years.

(a) Unfounded: The complaint was not based on facts as shown by the investigation, or the reported incident did not occur.

739 Complaint Registers were classified as Unfounded - No Affidavit because the complainant refused to sign a Sworn Affidavit For Complaint Register Investigation form.

(b) Exonerated: The incident occurred, but the action taken by the officer(s) was deemed lawful, reasonable, and proper.

(c) Not Sustained: The allegation is supported by insufficient evidence which could not be used to prove/disprove the allegation.

(d) Sustained: The allegation was supported by sufficient evidence to justify disciplinary action.

ATTACKS AGAINST THE POLICE

There were 2,677 assaults/batteries committed against Chicago police officers in 2007, down 5.1 percent from the 2,822 incidents in 2006. On average, each district had 107 incidents in 2007, but the number varied from 26 to 257 per district. An attack on a police officer was most likely to occur during an officer's regular duties (94.0 percent), as opposed to special employment or being off duty; while the officer was in uniform (72.2 percent); and outdoors (72.2 percent). There was less consistency in the type of location where the battery occurred, the time of day and day of the week when the battery occurred, and the officer's activity at the time of the attack.

The officer sustained an injury 39.4 percent of the time. The number of officers who sustained a nonfatal major injury as the result of an attack decreased slightly from 2006 to 2007 (42 officers in 2006, 37 officers in 2007). The average age of a battered officer in 2007 was 36. Almost half (50.2 percent) of the officers attacked had five or fewer years of experience. The average age of known battery offenders was 28.

Attacked Officer Years of Service, 2007

The Department's fleet inventory decreased by 201 vehicles, or 5.0 percent, between 2006 and 2007. The most common vehicles were marked squad cars (44.4 percent of the fleet) and unmarked squad cars (36.5 percent). Most of the decrease in the number of vehicles was in respect to marked squad cars (160, or 79.6 percent of the total decrease). Other noteworthy increases—although on much smaller bases—were in the number of squadrols (18.3 percent), P.A.P.V.'s (13.2 percent), and expropriated vehicles from the pound (11.2 percent). The number of Suburbans/Tahoe/Explorers increased by 57.1 percent between 2006 and 2007.

Awards Granted, 2007

Richard J. Daley Police Medal of Honor - an award is conferred upon an exempt member; state, county or municipal official; or other citizen whose accomplishments or service have brought credit to the City of Chicago and/or the Chicago Police Department.	1
Police Medal - an award presented annually by the Superintendent of Police to recipients of the Superintendent's Award of Valor, the Superintendent's Award of Merit, the Police Blue Star Award, or the Police Blue Shield Award when the accomplishments or performance of the individual member was so outstanding as to justify additional recognition.	1
William Powers Leadership Award - an award granted to Department members of exempt rank who perform their duties with dedication and professionalism; promote personnel development; display operational excellence; prepare and respond to combat lawlessness at all levels; inspire enthusiasm in their manner of command; maintain accurate knowledge Departmentally and socially; encourage and instill high expectations in personnel under their command; and display a sense of community awareness.	1
Superintendent's Award of Valor - an award granted to any sworn member of the Department for an act of outstanding bravery or heroism by which the member has demonstrated in great degree the characteristics of selflessness, personal courage, and devotion to duty.	65
Superintendent's Award of Merit - an award granted to any Department sworn or civilian member for an outstanding accomplishment that has resulted in improved administration, improved operation, or substantial savings in manpower or operational costs wherein the member has gone far beyond the requirements of his normal assignment to contribute to a more effective police service or for outstanding police work that has brought great credit to the Department in a case of unusual public interest.	74
Police Blue Star Award - an award granted to any sworn member who has been seriously, critically, or fatally injured while in the performance of police duty. In addition, this award may be conferred if injury was averted by wearing body armor. This award will be limited to those cases resulting from attack by an assailant, personal combat, or the performance of an act of valor.	7
Police Blue Shield Award - an award granted to any sworn member who, as a result of accidental causes, has been seriously, critically, or fatally injured while in the performance of police duty. This award will be limited to those cases resulting from an accident (e.g., a traffic accident, heart attack, or other nonviolent incident that occurs in the direct performance of police duty).	3
Special Commendation - an award presented to any Department sworn or civilian member or citizen who has made a significant impact on public safety or crime prevention.	135
Lifesaving Award - an award granted to any Department sworn or civilian member for a successful effort in saving a human life that involved exceptional courage or performance.	152
Police Officer of the Month Award - an award granted to a sworn member or each sworn member of a team whose performance of duty during a specific month was characterized by such exceptional professional skill that it merited recognition by the entire Department.	49
Department Commendation - an award granted to any Department sworn or civilian member for an outstanding act or achievement that brings great credit to the Department and involves performance above and beyond that required by the member's basic assignment.	1,068
Problem Solving Award - an award granted to any Department sworn or civilian member or member of the community who shows an exemplary effort to identify, analyze, and successfully respond to causes, conditions, and problems that may lead to crime and neighborhood disorder.	149
Honorable Mention Ribbon Award - an award granted to any sworn member who has demonstrated outstanding performance and has received a minimum of 50 Honorable Mentions.	301
Joint Operations Award - an award granted to sworn or civilian Department members and sworn or civilian members of another governmental or city agency whose efforts and participation in a broad multi-agency joint operation/event, spanning several days or more, significantly contributed to the overall successes of the operation.	164
Unit Meritorious Performance Award - an award granted to individual sworn or civilian members of a unit who exhibited exceptional professional skill and conduct during a coordinated action.	171
Outside Governmental Agency Award - an award granted to any Department sworn member who has been honored by a municipal, county, state, or federal governmental agency as a result of exceptional performance of duty, excluding awards issued while in the military, and has brought credit to the Department.	5
Fitness Award - Pins awarded to individuals who completed and passed the fitness test for the first time.	2,360
Appearance Award - awarded to uniformed sworn members who have continually displayed exemplary appearance while wearing the authorized uniform/equipment items and have maintained a high performance rating.	39
Total	4,745
